JOINT CONTROL OF TRAFFIC RATES

International Commission Suggested and Chairman Knapp is Appointed.

CANADIAN REPRESENTATIVE

Will Confer With Object of Arrangement for Regulation of Railway Lines of Tow Countries.

Washington, July 14.—An International Railway Commission with supervisory authority over the railroads of the United States and Canada probably will be the result of action taken today by this government in the appointment of Chairman Martin A. Knapp, of the Interstate Commerce Commission as the representative of the United States to confer with Hon. J. P. Mabee, chief of the Railway Commission of Canada, who has been designated by the latter country as its representative. Announcement of Judge Knapp's appointment was made by the State Department today as follows:

"The Secretary of State has designated Hon. Martin A. Knapp, chairman of the Interstate Commerce Commission, as the representative of this government to confer with the recently appointed Canadian representative, Hon. J. P. Mabee, chairman of the Railway Commission of Canada, on the subject of the joint control of international traffic rates.

"It is understood that meetings between Mr. Knapp and Mr. Mabee will be arranged at once to take place at points in the United States or Canada or both during the remainder of the Summer. Upon the completion of the conference a report with recommendations will be made by the commissioners, either jointly to both governments or separately to their respective governments.

The appointment of Judge Knapp and Mr. Mabee is the result of a considerable period of correspondence and diplomatic interchange between the United States and Canada. More than a year ago the subject was broached first in a letter from Mr. Mabee to Judge Knapp. It was pointed out that the increasing traffic between the United States and Canada would render full control over rates in the future more difficult unless some joint action were taken.

It was realized that the acquisition of Canadian terminals by American roads and of American roads and terminals by Canadian railways presented ever-increasing difficulties. In the present circumstances, it is not possible to compel railway or express companies to establish joint through rates to and from points in the two countries. The Interstate Commerce Commission may require roads under its jurisdiction to establish through routes and joint rates, and the Canadian commission may require the lines under its jurisdiction to do the same, but neither body can compel two or more carriers to do this with international traffic and furnish to the shipper a through bill of lading from any point in one country to any point in the other.

The reasonableness of rates between points in this country and points in Canada also is a question of serious importance to shippers.

The difficulties practically preclude any inquiry by existing tribunals into the reasonableness of combination through rates as applied to international traffic. No power at present exists that can require carriers engaged in this international transportation to establish what may be officially regarded as reasonable through joint rates and apportion those rates among the participating carriers in the event of a disagreement.

The result is that the international traffic moves upon a combination of rates local to the United States and to Canada and if this sum of the local rates is attacked it must be through proceedings before both the United States and Canadian commissions.

Out of this situation grew the suggestion that a joint International Commission should be created which should have supervisory authority over all inter-state and international transportation lines whether by rail or water, between the two countries.

While no definite arrangements yet have been perfected for the conferences, it is likely that Chairman Knapp and Mr. Mabee will meet in Ottowa some time in August. It will be the effort of the representatives of the two governments to adjust the matter so as to make it possible to submit a report and recommendations before the beginning of the sessions of the American Congress in December.

GOV. HUGHES IN WASHINGTON.

Scours the National Capital for a House for His Family.

Washington, July 14.—Gov. Hughes, of New York, is "seeing Washington" today from an automobile, inspecting a large number of houses from which he will choose a home, where he will live when he goes on the Supreme bench next October.

Politics and business were put aside for the day, and all interviewers were denied.

STRIKE PROBABLE ON PENNSYLVANIA

Situation Between Men and Officials Reaches Critical Stage.

CONFERENCE WAS FRUITLESS

Still Hope Among the Railroaders That Differences Will be Adjusted. Leave Dispute to Committee—Favor Strike.

Pittsburg, July 14.—The vote of the railroad men on the Pennsylvania lines west of Pittsburg, as announced tonight by the committee carrying on the situation, shows an overwhelming majority in favor of a strike, 88 1-3 per cent. of the conductors, 97 1-10 per cent. of the trainmen, and 96 6-10 per cent. of the firemen voting in the affirmative.

The committee tonight also gave out this statement:

"The joint general committee of the Brotherhood of Firemen and Enginemen, the Brotherhood of Railway Trainmen, and the Order of Railway Conductors representing approximately 10,000 conductors, trainmen, yardmen and firemen on the Pennsylvania lines West, called on General Manager G. L. Peck this afternoon and gave him the result of votes of the men in these classes. The entire committee of 83 employes was accompanied by the executive officers of the organizations interested.

"A. P. Kelly, vice president of the Firemen and Enginemen; G. H. Sines, vice president of the trainmen, and L. E. Sheppard, senior vice president of the conductors.

Mr. Peck had with him General Superintendents A. M. Schoyer, of the Northwest system, and R. E. McCarty, of the Southwest system. The vote was announced as follows:

"By the conductors' committee 1,103 for and 146 against; the trainmen's committee, 5,185 for and 126 against, and by the firemen's committee 2,538 for and 90 against.

"After the vote was announced Mr. Peck and the grand officers heretofore named entered into a detailed discussion as to what the employes desired and after a thorough understanding was reached, Mr. Peck took the entire matter under advisement, and will meet the entire joint committee and executive officers of the organizations tomorrow, at which time his answers will be forthcoming."

The officers of the organizations, beyond this statement, are reticent and decline to discuss the matter or say anything further inasmuch as negotiations have been renewed. The railroad company had no statement to make tonight.

Leaves It With Committee.

Philadelphia, July 14.—Whether a strike of 15,000 conductor and trainmen, baggage masters and yardmen employes of the Pennsylvania Railroad lines east of Pittsburg, Erie and Buffalo, shall be called is now in the hands of a committee of six, headed by President A. B. Garrelson, of the Order of Railway Conductors; W. G. Lee, president of the Brotherhood of Railway Trainmen.

The conferences today between the committeemen and General Manager W. Heyward Myers, of the Pennsylvania Railroad, resulted in no agreement, and so far as can be learned neither side conceded anything to the other.

When the final conference was over the committee representing the railroad men filed out of the Pennsylvania offices, each member with a serious face, none had anything to say and the Pennsylvania Railroad officials declined to talk.

The railroad men later held a brief meeting and at its conclusion President Garrelson announced that the 120 members of the general committee who had been given power through the strike ballot to order a walkout, had unanimously voted to leave the matter in the hands of a committee of six.

It was further given out that the committee has the power of fixing the time the men shall quit work. Just when a strike order might be expected Mr. Garrelson refused to state. Thus the situation appears to be at a critical stage, but there is still hope among the railroaders that a way will be found that will prevent the men from going on strike. Two conferences were held today, one at 11 A. M. and the other at 3 P. M.

So far as can be learned neither side had anything new to offer. The railroad men insisted that they be given a ten hour day with the present 11 hour rate of wages paid by the Pennsylvania Railroad. The company on the other hand again declined to concede anything further than had already been offered. Mr. Myers, it is said, declared that the company would give the men the same conditions as those under which the New York Central men work, provided that it meant no increases in the operating expenses of the company.

So far as could be learned tonight there has been no further meeting fixed between the Railroad Men's Committee and General Manager Myers. Messrs. Garrelson and Lee tonight declared that they did not propose to invoke arbitration as provided in the Erdman Act. Whether or not the railroad will attempt to take advantage of that legislation is not known.

BUCKETSHOP MEN FORCED TO TRIAL

Warrants For Extradition to Washington Signed by New York Judge.

VICTORY FOR THE GOVERNMENT

Government Sprung More Surprises. Wealthy St. Louis Sportsmen Indicted—Violating Bucketshop Laws Charged.

New York, July 14.—The government won an important victory here today in its fight to bring to trial alleged bucketshop operators now under indictment in Washington when Judge Hand, of the United States court, signed warrants for extradition thither of five of the accused.

They are Edward S. Boggs, Richard E. Presser, Leo Mayer, Robert A. Gray and Oliver J. Robinson, members of the firm of Edward S. Boggs & Co. with offices in this city.

All were placed under 5,000 bands each, to appear for trial in Washington on October 1st.

Counsel for the five opposed the signing of warrants, after Commissioner Shields held them for extradition. Judge Hand, however, held that the alleged offense was extraditable. Bail bonds were furnished by a surety company.

Co-jointly with the Boggs case the government sprung two surprises in the case of Louis A., and Angelo Cella, wealthy sportsmen of St. Louis and Samuel W. Adler, who are also accused of having operated a bucket shop in the District of Columbia. One surprise was the arrest of Louis A. Cella on a charge of perjury, and the other the appearance of Henry Altemus, of Georgetown, Ohio, jointly indicted with the Cellas' as a witness for the government.

The testimony of Altemus connected the Cellas' and Adler with the Standard Stock and Grain Dealers of Jersey City, company of which Altemus formerly was president and which had wire connections with the alleged bucketshop in Washington. The perjury charge against Louis Cella, was explained by government officers is based on testimony given by Cella that he had never been interested in the concern.

The Cellas are still fighting extradition and these developments came out in the hearing of their case today. Commissioner Shields is expected to decide whether they also shall go to Washington within a few days.

Washington, July 14.—Boggs, Preusser, Meyer and Guy were indicted by a Federal grand jury in the District of Columbia for conspiracy upon evidence gathered by the Department of Justice in its crusade against the bucket shops.

They were arrested on bench warrants several weeks ago when special agents swooped down at a given hour on alleged bucket shops in Washington, Cincinnati, New York, Baltimore, Philadelphia and Jersey City in a raid planned by Attorney General Wickersham. Boggs & Company is one of the three firms which are accused of violating the ante-bucket shop law of the District of Columbia in that they furnished what purported to be stock quotations to a local representative.

NAVY CHAMPION SENTENCED.

Given One Year in Prison as Result of Recent Fight With Negro.

Hampton, Va., July 14.—One year in the penitentiary was the sentence meted out today to William Durand, who claims the heavyweight championship of the United States Navy. He was arrested a week ago after being knocked out by a negro named Scarborough in the first round of what was to have been a ten round contest at Buckroe Beach.

OUTLINES.

The situation between the employes and the officials of the Pennsylvania railroad reached a critical stage yesterday with the dispute the same as when the strike vote was taken. The matter has been left with a committee ——Five alleged bucketshop operators accused by the government must stand trial in Washington, October 1st, and warrants for extradition were signed in New York yesterday——Chairman Knapp, of the Inter-State Commerce Commission, has been appointed to confer with a Canadian railroad commissioner to effect an agreement between the roads of the two countries ——Ex-President Roosevelt's itinerary for his speaking tours in the late Summer and Fall were announced yesterday——William Pittman, the American held prisoner in a Nicaraguan prison, has been mistreated and the State Department notified by United States consul——New York markets: Money on call steady 2 to 3 per cent., ruling rate 2 5-8, closing bid 2 3-4, offered at 3; flour held higher, checking business; wheat spot stronger, No. 2 red 1.11 1-2 to arrive elevator, No. 1 northern 1.27 1-4 f. o. b.; corn spot firm, No. 2, 70 3-4 elevator domestic; oats spot firm, mixed nominal; rosin and turpentine steady; spot cotton closed quiet 25 points higher, middling uplands 16.00, middling gulf 16.25.

Baseball today! Double-header. Games 2:30 and 4:30. Two games for one admission. **

To Wage Ceaseless War on The English Sparrow

Kent, O., July 14.—John Davey, of Kent, is heading a new society organized to kill all English sparrows in the United States. Mr. Davey has been a hater of the sparrow for a good many years. He has talked and written on the subject and has tried to interest his friends in sounding the deathknell of the noisy birds. The Y. M. C. A. organization promises to help Mr. Davey in his work, according to his statement. Mr. Davey insists that a united movement must be started or the robins and bluebirds will be a thing of the past in this country in a very short time. But, what is more important, Mr. Davey insists that the sparrows are the cause of destroying thousands of trees and the great damage to crops. The sparrow has the song birds sadly reduced in numbers, Mr. Davey says, and the song birds are the enemies of the insects and bugs that invest trees.

ROOSEVELT'S SPEAKING TOURS

Itinerary For His Summer and Fall Trips Announced—Ex-President Will Make Several Political Speeches.

Oyster Bay, N. Y., July 14.—Theodore Roosevelt gave out today the itineraries of the two speaking tour he is soon to make—one into the West late in the Summer, the other through the South in the early Fall. The two tours will resemble a campaign trip by a presidential candidate for Colonel Roosevelt will make not only as many set speeches as his traveling card permits, but he probably will deliver extemporaneous talks from the rear end of his private car. For the first trip a car has already been chartered.

The Western trip is to begin on August 25th and will end on September 11th. The Southern trip will extend from October 6th to October 13th. The itineraries follows:

Western Trip—August 25, leaving New York; August 27, arrives Cheyenne; Augusta 29, Denver; August 31, Osawatomie, Kansas; September 2, Omaha; September 3, Sioux Falls S. D.; September 5, Fargo, N. D.; September 6, St. Paul; September 7, Milwaukee; September 8, Freeport, Ills., and Chicago; September 10, Pittsburg; September 11, arrive New York.

Southern Trip—October 6 leave New York; October 8, Atlanta, Ga.; October 10, Hot Springs, Ark.; October 12, Peoria, Ill.' October 13, speech in Indiana for Senator Beveridge at a place not yet chosen. The itineraries were completed today.

Urgent requests for "a few words" have come by hundreds from political organizations, clubs, schools and personal friends.

The most of these Colonel Roosevelt has been obliged to decline and, in announcing his programme today he said he wished to make it understood clearly that he could consider no further invitations. Already he has been compelled to refuse many that he wished to accept.

At Chicago Colonel Roosevelt w... speak before the Hamilton Club. At Milwukee he speaks before the Press Club.

The first address of the Southern trip will be on Uncle Remus Day, named in memory of Joel Chandler Harris, who in his life time was a warm friend. The Peoria speech will be before the Knights of Columbus, a Roman Catholic organization.

The place for the Indiana speech in support of Senator Beveridge will depend upon the exigencies of the political situation.

There were no political conferences today at Sagamore Hill. The Colonel was busy with his editorial work and his voluminous correspondence.

Greenburg, Pa., July 14.—A squad of troopers from the constabulary were on guard at the Claridge mines today following the fatal shooting last night of John Cutlar, a striking miner. The miners were much excited today over the killing and threats of lynching the assassins if found were heard.

MADRIZ HARD ON AMERICAN

Pittman Mistreated in Nicaraguan Prison—Forces Madriz To Provide Better Accommodations. State Department Notified.

Washington, July 14.—Confined in a filthy cell, six by five feet, unfed, save by charitable strangers, William Pittman, an American, captured by the Madriz government forces near Bluefields, was found in an overcrowded local prison at Managua, Nicaragua, by Consult Olivares, yesterday. The consul, who is stationed at that point, telegraphed the State Department today that he visited Pittman, discovered the revolting conditions and, through protests, forced Dr. Madriz to furnish the adventureous American better prison accommodations.

Pittman, whose relatives live at Cambridge, Mass., told Consul Olivares that he left Greytown July 4th, that since then his captors have failed to provide him with food, leaving him altogether dependent for subsistence upon the charity of his fellow travelers. Pittman was starving.

Olivares immediately protested, reminding Madriz of his promise to treat Pittman with consideration. Madriz finally agreed to transfer Pittman to a large and cleaner cell and to allow the consul to supply him with a sleeping couch and food. The consul reported that no definite action regarding Pittman had been determined by the defacto authorities and that he, Olivares, will exert every effort to insure fairness and humane treatment for ...man.

When the United States originally learned of Pittman's arrest Dr. Madriz assured Olivares that the prisoner would be treated fairly and considerately.

Constant complaints from American citizens at Matagalpa, relative to threats repeatedly made against their lives and property by agents of the Madriz government are being received by United States Consular representatives. Consul Olivares cables to the State Department today that the anti-American feeling in the western part of Nicaragua, the section under control of the Madriz faction, is daily growing more bitter.

Mr. Olivares has made vigorous representations to Dr. Madriz, and has reiterated to him Secretary Knox's warning that this government will hold the Madriz faction strictly accountable for the security of American life and property.

British and German subjects at Matagalpa have appealed to their consuls in Managua for protection. So far no representations as to these have been made to the German and British home governments or to Washington.

American Consul General Eberhardt, who is detailed at large and happens to be in Nicaragua on a tour of inspection cabled the State Department today corroberating the alarm of foreign residents over threats of Nicaraguans. He stated that the opinion at Matagalpa was that these anti-foreign demonstrations were instigated by the Madriz faction, whose officials have openly threatened Americans and other foreigners.

American Physician Prisoner.

New Orleans, July 14.—Reports received late today by steamer from Bluefields state that Dr. Clarence A. Burgheim, an American, is being held a prisoner by the Madriz forces in Nicaragua, who compel him to treat the wounded at Bluefields Bluff as well as those who are convalescing on the steamer Venus. Dr. Burgheim, whose home is given as Houston, Texas, is charged by the Madriz commanders with having aided General Estrada at Bluefields by treating the wounded in that town. Giving this as an excuse they made him a prisoner when they found him later at Principulka.

ALLEN AND LEE WIN IN CONTESTS

Nominated on First Ballots at Charlotte State Convention Yesterday.

STIRRING SCENES ENACTED

Great Speeches of Aycock and Bryant —Manning Yields Gracefully—Delegates Not in Humor for Speeches—Other Work.

(By D. H. Littlejohn.)

Charlotte, N. C., July 14.—Three Supreme Court judges and two Corporation Commissioners nominated and an even dozen speeches delivered, but not all of them heard by any means, is the record of the work of the Democratic State convention for today, with an amount of work yet unfinished that was taken up at 9:30 tonight after re-assembling.

The artificial breeze created by a score of electric fans, and free ice lemonade dished out to the 800 to 1,000 sweltering delegates, coatless and hot, impatient when a speaker consumed over ten minutes and disposed to sport with the speakers whenever chance arose, all combined to make the afternoon session of the convention a noisy and well nigh unmanageable affair, deaf to the merciless hammering of the table by the gavel in the hands of the permanent chairman, Walter E. Moore, of Jackson. Senator Lee S. Overman was the orator of the day, beginning his merciless assault upon the bulwarks of the enemy at 12:30 P. M., immediately following the brief address of Chairman Eller, of the State Executive Committee, both of which are carried elsewhere in these dispatches.

The preliminaries over the convention adjourned at 2 o'clock for one hour immediately reassembling and entering upon nominations. The results were as follows:

Justice Walter Clark nominated by J. A. Lockhart, of Anson, was chosen by acclamation to succeed himself as Chief Justice.

The same high tribute was paid Justice Walker, of Mecklenburg, who was re-nominated by acclamation.

Then came the great Manning-Allen contest, which was the biggest event by far of the whole convention. Managers of both candidates had worked like Trojans for three days and nights here, following a long drawn out campaign, which had centered the eyes of the entire State upon the ballot this afternoon, which would decide the issue. When Victor S. Bryant, of Durham, arose to nominate Justice Manning, the Manning followers were on their feet, shouting, waving hands, applauding, and indulging in a demonstration that had not been equalled in the convention. Then arose Ex-Gov. C. B. Aycock, the sight of whose face in the convention started an ovation in his honor, that kept the speaker bowing for full two minutes. It was a tribute from the hearts of the Democrats present, regardless of candidates, and many eyes in the vast auditorium where the convention was held, were wet with tears when this stirring outburst of admiration for the man Aycock took place. The ex-Governor nominated Judge Allen in a characteristic speech and after the seconding of the two nominations, the ballot was demanded by Chairman Moore and the result being evident long before the count was finished, demonstration.

the Allen followers began another

While men sat mute here and there, wondering at the uncertainty of political results, ex-Lieut. Gov. Turner, of Statesville, suddenly arose and in a voice controlled with difficulty, declared that the Iredell vote, giving Allen a majority, was by no means the sentiment of the people of his section. Then Mr. H. A. Foushee, beaten but still valiant, came forward and said:

"Mr. Chairman: In the name of Justice Manning whom I represent, I move that this nomination of Judge Allen be made unanimous," and by vote of the convention it was so ordered. The total vote for Manning was 434,972 and for Allen 526,978, two counties not being represented.

For the four years term of Corporation Commissioner, Henry Clay Brown was named by acclamation, Bagwell having dropped out of the race.

In the three cornered fight for the six year term between Graham, Lee and Pearson, the first ballot gave W. T. Lee 527,663; A. W. Graham 313,979 and J. H. Pearson 121,050, nominating

Continued on Page Five.)

SECOND DAY OF DENTAL SOCIETY

Featured by Presentation of Excellent Papers and Discussions.

GREATEST MEETING EVER HELD

Attendance the Largest Ever Known at State Society Meeting in the South—New Members Received—Dance Tonight.

The second day of the 36th annual convention of the North Carolina Dental Society—greatest State Dental Society meeting ever held in the South—was featured by the presentation of a large number of excellent papers, containing matter of interest and importance to the profession, and prolonged interesting discussions. Two sessions of the society were held, one in the morning and the other in the evening, while the afternoon was devoted to clinics.

It is a noteworthy fact that practically all the dentists here for the meeting are in the assembly hall of Seashore Hotel, Wrightsville Beach, where the convention is being held, at the hour for the convening of each session and remain until a recess is taken, which is rather unusual where there is such a large attendance. This demonstrates that the dentists are deeply in earnest and that they came to Wrightsville Beach with the primary purpose of receiving new ideas and inspiration in their work, and when they have accomplished this they will give the remainder of their time over to pleasure.

Dr. Arthur Hynes Fleming, of Louisburg, secretary of the society, stated last night that this is not only the largest attended meeting in the history of the society, but that it is perhaps the largest attended State Society meeting ev... in the South. The officers co... meeting to go... the society as ... well as the ... history of the organization.

Morning Session.

The morning session was called to order at 9:30 o'clock with Dr. J. C. Watkins, of Winston-Salem, the president, in the chair. The hall was well filled with visiting dentists, some of whom arrived since the first session Wednesday evening. Dr. D. L. James, of Greenville, chairman of the executive committee, presented the names of a number of applicants for membership and recommended that they be admitted into the society. They were voted upon later, the following being admitted to membership: Drs. W. A. Ray, C. T. Hammick, F. H. Pittman, S. R. Watson, R. P. Howell, Paul E. Jones, A. F. Cone, Fred Anderson and F. R. Andrews. The names of other candidates for membership were presented and will be voted upon later. It was announced that Dr. R. S. Cole had been appointed a member of the committee on Ethics in place of Dr. R. E. Ware, resigned.

The feature of the session was a paper on "Advertising and Advertisers", presented by Dr. J. N. Johnson, of Goldsboro, discussing in a most interesting way the evil influence of advertising by members of the profession. He said that it was against the ethical, which virtue should be above everything else in the profession. He said that in order to check the growing evil of advertising by members of the profession radical measures would have to be resorted to. The discussion on the paper was opened by Dr. J. S. Spurgeon, of Hillsboro, and he was followed by a large number of the members, various suggestions being offered. Some were of the opinion that advertising should be controlled by legislative enactment, while others thought that moral suasion would cause the unethical members to realize the fact that advertising tends to lower the lofty plane upon which the profession should be placed. No definite action was taken relative to the matter.

"Pyorrhoea Alveolaris and Its Treatment," was the subject of an interesting and well prepared paper presented by Dr. W. W. Taylor, of Warrenton. The paper was generally discussed any many new points of interest were brought out by the members.

Dr. Frank Holland, of Atlanta, Ga., who had been invited to hold a clinic in the afternoon, addressed the association briefly, stating that a previous engagement made it necessary for him to leave in the afternoon. He thanked the committee for the invitation and expressed regret at his inability to hold the clinic.

Afternoon Session.

The afternoon session, which convened at 3 o'clock, was devoted entirely to clinics. Dr. J. W. Stanley, of Wilmington, is supervisor of clinics, and this feature of the meeting is the most attractive in the history of the organization. The following were the clinics given yesterday afternoon:

The hypodermic use of cocaine, Dr. Arthur Hynes Fleming, Louisburg; Casting gold base for detachable post crown by centrifugal force, Dr. W. A. White, Hickory; Easy method of adjusting pin crowns to enlarged roots, Dr. E. W. Shackelford, Durham; Marking gold shell crown by the seamless method, Dr. James B. Barden, Chadbourn; Detachable facings in combi-

THE WORLD OF SPORTS

RACING — BASEBALL — BOXING

NO GAME ON LOCAL GROUNDS

Only One Game on Eastern Carolina League Circuit Yesterday—An Inning and a Half at Wilmington —New Players.

Results Yesterday.
Wilmington-Wilson, rain.
Raleigh 3; Rocky Mount 2.
Fayetteville-Goldsboro, rain.

Where They Play Today.
Fayetteville at Goldsboro.
Raleigh at Rocky Mount.
Wilson at Wilmington.

All the games on the Eastern Carolina League circuit were rained out yesterday afternoon except Raleigh at Rocky Mount. The Game between Wilmington and Wilson, opening the week-end series here, was started but only an inning and a half had proceeded when it had to be called for 30 minutes and later on account of the rain had to be abandoned altogether.

The crippled Sailors went in with Doak at the receiving end and Howard on the slab but after two batsmen had been retired, Doak was hit on the finger by a ball and had to retire, Gilmore taking his place. The game opened with D. McGeehan at bat. He went out short to first and Jacobs fanned while Westlake flew to centre. For Wilmington Chapp flew to third, Dubbs fanned and Tydeman likewise retired by the atmospheric route.

The second opened with Miller out short to first, Sheridan third to first and then after C. McGeehan walked and stole second, Armstrong was out second to first. The clouds were very heavy and the game was called on account of darkness, later being called for keeps on account of rain.

On account of the postponement of the game a doubleheader will be played today, the first opening at 2:30 o'clock and the second at 4:30. A large attendance is most earnestly desired as the club is in need of the money badly, the last trip having proved a heavy financial loss. With Cooper out of the game the last three weeks and now Khutz and Doak hurt, the expense is heavy. Manager Kite returned last night with two men who will be seen in the games today. The batteries for the first game will be Hanks and Kite and for the second Brooks and Irvine. Irvine is a strong catcher and is expected in this morning and will be seen for the first time in a Wilmington uniform. The management is expecting to strengthen up all weak spots at once and a little encouragement from the fans will be greatly appreciated.

The Tidewater Power Co., evidently did not have its weather-eye open for patrons of the game yesterday afternoon. Although the game was called shortly after 4 o'clock about half of those who braved the elements for the possibility of a game were compelled to huddle up in the west grandstand for fifty minutes and did not reach town until about 6 o'clock. A lone beach car halted for a fraction of a second after the crowd had waited half an hour and a few were taken on but with a private 'phone booth and a representative of the Tidewater Power Co., on the spot, no effort was apparently made to get cars and about 60 ladies and gentlemen were forced to protect themselves as best they could with umbrellas until the next regular scheduled car.

The new players brought home by Manager Kite are Lynch, an outfielder, and Rushworth, a third baseman. Lynch has been playing in the Ohio and Pennsylvania leagues while Rushworth has been playing on an independent team this season but finished with the Connecticut League last season. Kite reported an unprecedented dearth of good ball players, all the big league teams having scouts on the road signing every likely prospect for immediate use.

PREVENTION OF ACCIDENTS.

American Manufacturers Send Commission Abroad to Investigate.

New York, July 14.—A commission sent by the National Association of Manufacturers, sailed today on the "George Washington" to study the prevention of accidents and the operation of industrial indemnity insurance in Great Britain and on the continent.

The commission which is the first of its kind sent abroad, by any practical industrial association, will establish headquarters in Berlin and London and from these centers will investigate conditions in such important cities as Bremen, Hamburg, Essen, where the famous Krupp works are located, Dortmund, Munich, Hanover, Leipsic, Cologne, Dusseldorf, Prague, Budapest, Brussels, Liege, Sheffield, Manchester, Birmingham, Liverpool and Glasgow. Special attention will be given to the museums of safety devices in Berlin, Munich and The Hague. The members believe that fully 50 per cent. of industrial accidents are preventable and that the scientific and practical application of safety appliances is of the foremost importance.

F. C. Schwedtman, of St. Louis, chairman of the commission, said before leaving:

"It is true that the United States has been backward in this work, but there is little question that before another 12 months we shall have in operation a system of accident prevention and industrial relief which will contain the most valuable parts of the systems now employed in Europe and England."

Hay Fever and Asthma.

Bring discomfort and misery to many people, but Foley's Honey and Tar gives ease and comfort to the suffering ones. It relieves the congestion in the head and throat and is soothing and healing. None genuine but Foley's Honey and Tar in the yellow package. Robt. R. Bellamy.

RED BIRDS AND RAILROADERS

Score Three to Two Against Tailenders Yesterday Afternoon in a Hard-Luck Game at Rocky Mount—Score.

(Special Star Telegram.)

Rocky Mount, N. C., July 14.—Ragged baseball throughout, but swatting the ball all of the time, tells why the crew lost the first of the series to Raleigh. In the first and fourth the Kellyites got a man across, errors playing a prominent part in both runs. In the sixth, with man on, Stein hit out of the park for a home run, tieing the score. On a mix-up after a high fly past second in the eighth, it dropped safe and Simmons scored the winning run of the game with two down.

The Tabulated Score.

AMERICAN LEAGUE.

Boston, July 14.—Boston won a doubleheader from Chicago today shutting out the visitors in the first game 1 to 0 and taking the second 6 to 2. The first, a pitchers' battle, was won in the sixth inning on two hits and an out. Chicago's errors and Boston's timely hitting won the second game.

Chicago .. ..000 000 000—0 3 1
Boston .. ..000 001 00*—1 4 1

White and Payne; R. Collins and Carrigan. Time 1:30. Umpire Evans.

Chicago .. ..000 100 100—2 6 3
Boston .. ..000 202 11*—6 8 0

Smith and Sullivan; Arellanes and Kleinow. Time 1:45. Umpire Evans.

Philadelphia, July 14.—St. Louis broke Philadelphia's winning streak today 5 to 4. The visitors bunched their nine hits in three innings, while Powell kept the home team hits well scattered except in one inning. The home team's outfielders accepted sixteen out of seventeen chances.

St. Louis .. .. ..100 001 120—5 9 2
Philadelphia .. ..002 010 010—4 10 2

Powell and Stephens; Plank and Thomas. Time 1:55. Umpire Perrine.

New York, July 14.—Ford outpitched Young today, the Highlanders defeating Cleveland 4 to 1. Cree's hitting and fielding featured the contest.

Cleveland .. .. ..100 000 000—1 4 1
New York .. .. ..100 300 00*—4 9 1

Young and Easterly; Ford and Sweeney. Time 1:49. Umpires Connolly and Dineen.

Detroit, July 14.—Detroit bunched five hits for five runs in the second inning today and won an easy victory over Washington, the final score standing 7 to 1. Cobb's home run with two men on bases was one of the events of the big inning. Donovan was effective at all times.

Washington .. ..000 000 100—1 5 1
Detroit .. ..150 000 01*—7 12 1

Reisling and Bickendorf; Donovan Schmidt and Casey. Time 1:35. Umpires Egan and O'Loughlin.

VERMONT DEMOCRATS MEET.

Nominated Ticket by Acclamation and Condemned the Tariff Act.

St. Albans, Vt., July 14.—The Vermont Democratic State convention met here today and nominated the following ticket by acclamation:

Governor, Charles D. Watson, St. Albans; Lieutenant Governor, Rev. John B. Reardon, Springfield; Secretary of State, C. L. McMahon, Stowe; Attorney General, H. C. Shurtleff, Montpelier.

The platform condemns the Payne-Aldrich tariff bill as unjust and illogical and demands a general revision of the tariff downwards; favors an honest trial of reciprocity with all the world and particularly with Canada; condemns "that despotism on the part of the Speaker of the National House of Representatives known as Cannonism" to prevent which an amendment to the United States constitution is favored if necessary "which will render this method of over-riding the rights of the citizens absolutely impossible." condemns the present Federal corporation tax law and recommends its repeal and demands the passage by the next Vermont Legislature of a resolution ratifying the proposed amendment to the United States constitution providing for the levying of an income tax.

CAPT. LINEBERRY CHOSEN.

Randolph Man Chosen Superintendent of Soldiers' Home.

(Special Star Telegram.)

Raleigh, N. C., July 14.—Capt. W. S. Lineberry, of Randolph county, is chosen by the trustees as superintendent of the North Carolina Soldiers' Home, to succeed Capt. R. H. Brooks, who died a few weeks ago. The new superintendent is a Confederate soldier and has been assistant sergeant at arms of the Legislature. He and Mrs. Lineberry will move to the home at once. There were 20-odd applicants for the place.

NATIONAL LEAGUE.

Pittsburg, July 14.—Pittsburg won in the ninth inning by scoring four runs. Matthewson, who had been invincible before, went into the air. He gave Clarke a base on balls. Wagner got to first on an error by Fletcher at short. Singles by Flynn and Wilson scored Clarke and Wagner. Flynn was caught at the plate. O'Connor was sent to first on balls, filling the bases. Matthewson gave Byrne four balls, forcing in the run that tied the score. After giving Leach two bad balls Matthewson was taken out and Ames substituted. He gave two more bad balls and forced in the winning run.

Pittsburg .. .. ..000 000 004—4 4 2
New York .. .. ..020 001 000—3 8 2

Leifield, Phillipe and Gibson; Matthewson, Ames and Myers. Time 1:50. Umpires O'Day and Brennan.

Chicago, July 14.—Chicago and Philadelphia broke even today in the first double header of the season on the Chicago grounds. In the opener, Dooin's men made three runs at the outset pounding Pfeister from the slab, added two runs with McIntyre pitching and won 5 to 1. The second went to Chicago 5 to 4 after a hot battle between Cole and Stock. Brown saved the game by pitching the ninth.

Chicago .. ..000 000 010—1 6 3

ILYS CROSSES LINE FIRST.

Exciting Finish in Ocean Race—No Winner Announced.

New York, July 14.—Commodore J. G. N. Whitaker's Ilys, of the Yachtsmen's Club, of Philadelphia, was first across the line tonight in the motorboat race from Atlantic City to Gravesend Bay, a distance of 75 miles, under the auspices of the Atlantic Yacht Club and the Yachtsmen's Club. Ilys finished at 6:17:33 tonight, followed by the Mary C., of the Sea Island Yacht Club at 7:01:55 and the Caroline, of the Atlantic Yacht Club at 7:02:04.

It was stated tonight at the Atlantic Yacht Club that it will probably be two or three days before the winner can be announced officially, as it will be necessary to measure the boats here to compute time allowances.

On official figures, the Ilys appears the winner. She granted the Mary C., 44 minutes and 7 seconds, according to the allowances at Atlantic City, this morning, and beat her across the finish line by 44:22, a seeming victory of 15 seconds. By the same reckoning the Mary C. defeated the Carolina, whose allowance by the Ilys was announced as 40 minutes and two seconds.

NEWARK MAYOR RESIGNS.

Result of Lynching—May Prevent an Investigation.

Newark, O., July 14.—At a conference lasting an hour, Herbert Atherton, Mayor of Newark, resigned his office today in response to pressure exerted upon him by leaders of his party and personal friends. The reason given was that it was hoped thereby to save the city the disgrace of an investigation by the Governor following the lynching last week of an anti-saloon league detective and the subsequent suspension of Mayor Atherton by Governor Harmon. It was announced that "Newark wants to do her own house cleaning."

After repeated refusals, Mayor Atherton, late in the afternoon attached his signature to the resignation and then burst into tears. Under the Ohio law, Vice Mayor John M. Ankele, who has been acting mayor since Atherton's suspension, becomes mayor.

Eight new arrests were made today as a result of Acting Mayor Ankele's order to arrest every riot suspect. Attorney General U. G. Denman directed the secret examination of witnesses and suspects which lasted all afternoon.

The result, it is announced, will not be given out until the case against the mob leaders is completed.

BIG CONSPIRACY CHARGED.

Indictment Against Members of Alabama Jewelry Firm.

Montgomery, Ala., July 14.—Conspiracy to use the United States mail to defraud seven big tailoring establishments in Chicago is charged in one of three more indicements returned today by the Federal grand jury investigating the bankruptcy proceedings of the City Jewelry Company in which seven Shreve brothers and others are involved.

The indictment, directed against the Shreve brothers and J. R. Losey, of Andalusia, Ala., charges that they planned to order clothes by mail, intending not to pay for them. Letters written by Jesse N. Shreve and the Union Mercantile Company, of Anddulsia, of which Jesse N. Shreve and J. R. Losey were stockholders, are set out in the indictment and show that large orders for clothing were sent to Chicago. In the other two indictments, Joseph E., and Jesse Shreve are charged with having concealed personal assets from the referee in bankruptcy. Four hundred and nineteen witnesses have been examined by the jury, which has been in session since May 23rd. Thirty-nine true bills were returned. Judge Thomas G. Jones excused the jurors until August 8th.

ACCUSATION OF DR. STILES.

Declares United States Filthiest Great Nation in World.

Charlottesville, Va., July 14.—As a nation the United States is the filthiest great country in the world, according to Dr. C. W. Stiles, head of the Rockefeller Commission for the study and prevention of the hookworm disease in a speech on "flies" before the second day's meeting of the Rural Life Conference today at the University of Virginia. He denounced the failure of the American people to prevent the spread of disease through the observance of the simplest precautions.

Among the other speakers were J. P. Campbell, of the Department of Agriculture; T. O. Sandy, State agent for farm demonstration work; Edith C. Salisbury, of Iowa College; Prof. B. H. Crockeron, of the Baltimore Agricultural High School, and I. O. Schaub, of the Department of Agriculture.

ELKS' PARADE IN DETROIT.

20,000 Members of Order Participate. 300 Overcome by Heat.

Detroit, Mich., July 14.—The feature of today's programme of the National Reunion of Elks was a parade of 20,000 members of the order. It is estimated that 300,000 spectators were massed along the down town streets and in the reviewing stands. Of this number the police say fully 300 were temporarily overcome by the heat and given assistance by the emergency squad of physicians. None were thought to have been seriously affected. The marching organization presented a series of unique pageants, stretching five miles in length and requiring two hours to pass a given point.

SHERMAN'S MARCH TO SEA

Leavenworth Soldiers Followed Trail of Civil War General.

Atlanta, Ga., July 14.—Completing a horseback trip over the route of Sherman's march to the sea between Chickabauga Park, Ga., to Atlanta, Major J. F. Morrison, head of the department of military art in the army school at Fort Leavenworth and a party of twenty commissioned officers, today dispersed to various parts of the country to participate in army maneuvres. The party spent ten days on the road, visiting all the battlefields and scenes of skirmishes along the route.

VIRGINIA TOWNS GROWING.

Lynchburg's Marked Increase in Population—Christiansburg Also.

Washington, July 14.—During the past decade, Lynchburg, Va., has begun a rejuvenation. This was made evident today when figures of population as enumerated for the 13th census was issued by Director Durand showing the number of persons in that city to be 29,494. This number was an increase of 10,603 inhabitants or 56.1 per cent. over the population of 1900. At that time the figures for Lynchburg showed a decrease of 4.2 per cent. from the number of people in 1890, which was 19,709.

The population of Christiansburg, Va., is given at 1,568, compared with 659 in 1900.

WANT GAYNOR TO COME

Ask New York Mayor to Make Address to Southern Educators.

New York, July 14.—An invitation was extended to Mayor Gaynor today through David Bancroft Johnson, president of the Southern Educational Association to address the coming convention of organization at Chattanooga, Tenn., on December 27-29. It is expected the Mayor will accept.

TWO LEAPED TO DEATH.

Strange Suicides in New York—Both Instantly Killed.

New York, July 14.—Two extraordinary suicides marked the night in the environs of New York.

An unknown man, about 25 years old and well dressed, sauntered slowly across the Williamsburg bridge, sat down on a bench to read the racing chart in an evening newspaper, offered a cigarette to a neighbor, smoked one himself with seeming enjoyment, and then began rapidly to climb the iron lattice work of one of the piers. Before his chance acquaintance could run to call a policeman, the stranger had mounted to the cap of the pier, 205 feet above the foundations, and leaped off. He landed on the roadway, 135 feet above the water and was picked up lifeless.

Another unknown man climbed onto the stone parapet of the Hudson boulevard in North Bergen, N. J., tonight and leaped to the rocks 290 feet below.

TAFT TO REVIEW FLEET.

Fifteen Warships Will Assemble Off Provincetown, Mass.

Beverly, Mass., July 14.—President Taft will have his first view of the Atlantic battleship fleet, as commander in chief of the armed forces of the United States on August 5th, off Provincetown, Mass. Fifteen warships will be assembled there and the President will review them from the bridge of the yacht Mayflower.

Mr. Taft is going to Provincetown to deliver an address at the dedication of the Pilgrim Monument, the cornerstone of which was laid two years ago by Theodore Roosevelt. The battleships will be assembled in honor of the occasion. There will be a land parade of sailors and marines and probably several regiments of soldiers.

The President today withdrew more millions of acres of coal lands in different States of the West, bringing the total of coal lands withdrawal made by him up to the enormous total of 71,518,588 acres. Something like half of this amount are now withdrawals. The work is now complete.

CONFESSES TO MURDER.

After Contributing Materially to Conviction of His Brother.

Tupelo, Miss., July 14.—After testifying against and contributing to the conviction of his brother, Albert Brown, for the murder of Alonzo Addison, on July 28, 1909, Henry Brown went to the sheriff of Lee county in this city and confessed to the killing of Addison. Both are well known farmers.

Albert Brown had been twice tried and convicted of the murder of Addison. He was sentenced to fifteen years in the penitentiary, but sentence was suspended pending the outcome of an appeal to the Supreme Court.

The brother who confessed has been imprisoned and habeas corpus proceedings will be instituted to secure the release of the convicted man.

UNIQUE COMPETITION, THIS.

Ministers, Deacons and Elders Have Gum-Chewing Contest.

Canton, Ohio, July 14.—To find out who could chew their gum the longest, the fastest, and who could stretch it the most, ministers, deacons and elders entered into an original contest at the picnic of the German and United Evangelical churches here.

The competition was intense, but much disappointment was caused by the quality of the gum, which refused to be stretched more than a foot or so.

Finally the prize was awarded to John Suters, an elder, although the Rev. William Davis, of the Trinity United Evangelical church was beaten by a mere fraction of an inch.

ATTELL-McVEAGH MATCH.

Will Fight at Seattle on Night of July 25th.

Seattle, Wash., July 14.—Abe Attell, featherweight champion of the world, and Pete McVeagh, of Seattle, have been matched to fight in this city on the night of July 26th. The city administration is considered friendly to prize fighting, but Governor Hayis strongly opposed and may interfere.

ENGLISH AVIATOR INJURED.

Fell With Bi-Plane at Aviation Meet Yesterday.

Bournemouth, July 14.—A Rawlinson, the English aviator, fell with his bi-plane this evening while making a flight at the aviation meet. One leg was broken and he received other injuries. The machine was smashed to bits.

Use TIZ— Smaller Feet

Sore Feet, Tender Feet and Swollen Feet Cured Every Time. TIZ Makes Sore Feet Well No Matter What Ails Them.

Everyone who is troubled with sore, sweaty, or tender feet—swollen feet—smelly feet, corns, callouses or bunions can quickly make their feet well now. Here is instant relief and a lasting, permanent remedy—it's called TIZ. TIZ makes sore feet well and swollen feet are quickly reduced to their natural size. Thousands of ladies have been able to wear shoes a full size smaller with perfect comfort.

It's the only foot remedy ever made which acts on the principal of drawing out all the poisonous exudations which cause sore feet. Powders and other remedies merely clog up the pores. TIZ cleanses them out and keeps them clean. It works right off. You will feel better the very first time it's used. Use it a week and you can forget you ever had sore feet. There is nothing on earth that can compare with it. TIZ is for sale at all druggists 25 cents per box or direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

OVERMAN SOUNDS THE BATTLE CRY

Junior Senator From North Carolina to State Convention at Charlotte.

ARRAIGNS REPUBLICANISM

Paints Roseate Picture of Democratic Prospects in Nation—The Democracy in the State—A Great Speech.

(Special Star Correspondence.)

Charlotte, N. C., July 14.—Calling the great State Democratic convention to order as temporary chairman here today, United States Senator Lee S. Overman, of Salisbury, delivered a great speech in which he severely arraigned the Republican party for broken pledges and sounded the keynote of North Carolina Democracy in the campaign this Fall. Addressing the convention after tumultuous shouts of applause, the junior Senator said:

Mr. Chairman and Gentlemen of the Convention:

It is a great compliment the chairman has paid me in requesting me to preside as temporary chairman over this great convention, and I thank you for ratifying his choice in such a hearty and complimentary manner.

Gathered here from 98 of the great counties which make up this grand old commonwealth, representatives of the best people on earth, representatives of the old Democratic party, we are here in convention assembled to choose our leaders for the coming campaign, and to sound the battle cry which will make every true and loyal Democrat spring to arms and make an onslaught which will strike terror into the heart of the enemy and give us a great victory all along the line.

Bad faith, broken promises, violated pledges, higher tariff, high prices, more millionaires, many more paupers, more power at Washington, more office-holders, more Federal courts, wild reckless extravagance, shrinkages in values, continued loss of confidence, mills shut down, millions of laborers out of employment. This is the splendid record of the Republican party for the first 16 months of its administration to which it can point with pride.

The Masses Betrayed.

The people have been buncoed. When they heard the demands coming from their own people, joining with the demands of the Democrats for tariff reform, the Republican party declared in its platform for tariff revision. Their campaign orators from the President down, from one end of the country to the other, declared that the tariff must be revised and revised downward, but claimed that it should be revised by its friends. A majority of the people relying upon their promises and solemn pledges, again placed the old party in control of affairs, and an extraordinary session of Congress was called.

Instead of revising downwards they revised upwards and enacted into law the most iniquitous tariff ever known in the world's history. The people's burden instead of being lightened were added to and they continue to stagger under heavier burdens with a 45 per cent. tax on what they wear and upon what they consume. Such a flagrant violation of party pledges and party promises has no parallel in party history.

Change Demanded.

The great trusts and the New England interests control Cannon and Aldrich and they with the President control their party in Congress. A few men dictate legislation in the interest of the favored few. Any party remaining in control too long becomes drunk with power, corrupt and blind to the interest of the people and the country's welfare. The Republican party is no exception to the rule, and it has gone on and on governing in the interest of the few against the many. The time has come for a change. The people are up in arms. Thank God there were a few brave men in their ranks in Congress who could stand it no longer and they rebelled and their rebellion has kindled a fire which is raging like wild fire on down among the people.

Discredited and Divided Party.

The Republican party goes into this campaign not only badly discredited but a badly divided party, and a revolution of tremendous import is going on in Republican strongholds. The regulars despise the insurgents, the insurgents hate the regular or standpatters. An irrepressible conflict is going on. This has been shown in Massachusetts, New York and wherever an election has been held since Mr. Taft was inaugurated President. One district in Massachusetts which has been giving from ten thousand to twenty thousand Republican majority has elected a Democrat by ten thousand and majority. A district in New York State which has been giving from eight to sixteen thousand Republican majority elected a Democrat to Congress to fill a vacancy by over six thousand majority. The toiling millions of this country are in open rebellion against this party. The old Democratic party was never so united as it is today, and boys, on a November day we are going to lick 'em.

Centralization.

In this progressive age the civilized people of the Nations of the old world are gradually taking away the ancient powers from Czars, Kings, Emperors, Potentates and Dictators, but in this Republic the power which our fathers secured by the blood and treasure and which they reserved to themselves upon the adoption of the Constitution is insidiously being taken away from us and given to the executive. The rights of the States are being impaired. And the right of the people to rule is being laughed at as a myth.

Interstate Commerce Bill.

The President sent a bill to Congress accompanied by a special message, something unheard of in the history of legislation in this or any other Republic, and encroachment upon the prerogatives of Congress, purporting to be one of "my polices"—a bill to regulate railroads. It was charged by a leading Republican on the floor of the Senate, and it was not denied, that the Attorney General and certain men met last Summer in New York and framed the bill. Instead of regulating railroads it actually repealed several of the wholesome provisions of the law that had been passed. It really enlarged their power. It repealed the Sherman Anti-Trust law, was clothed in such language as lawyers only could write in order to befog and deceive the Congress and the country. A bill that even some of the most rabid standpatters would not support. As it came it hardly had a supporter upon the floor of either the House or Senate. The Democrats and insurgents together eviscerated it, knocked it into smithereens, and as it passed now has some good features.

But the Court provision which the President with his big stick compelled his party to keep in is an outrage upon the American people. The shipper is compelled to go to Washington to get relief, and if there is an appeal to the Court from the decision of the Commission he is not even allowed to have his own lawyer. Thomas Jefferson said that if the liberties of the people were ever destroyed it would be through the instrumentality of Federal courts. I have the greatest respect—and all our people should have—for our District, Circuit and Supreme Courts, as they have been constituted, but now there is to be no end of courts—Custom courts, Commerce courts, Land courts, Patent courts—more judges, more district attorneys, more marshals with large salaries, appointed and not responsible to the people for their elevation to office.

Postal Savings Bank.

The Postal Savings Bank bill as it passed Congress is a long step towards the centralization of money power. Few favored it as it came from the House, but the President with a big stick, with unsigned bills upon the table, coerced his party into passing it. Five hundred million dollars of the money of the people is to be put into the hands of three men appointed by the President, who are in no way responsible to the people, and the far reaching power of controlling the money of this country is put in the hands of the executive. The money, at the will of three men, will be taken out of the community where it was earned—where it should stay—and carried to Wall Street to be put into the hands of speculators and high financiers, or to be used in the purchase of bonds which cannot be sold. The people of the country are taxed to pay 2 per cent. interest on the deposits of the cowards who are afraid to deposit their money in their own banks as other people do if guaranteed. It is estimated that its administration will cost $25,000,000, and it will add 30,000 men to the army of officeholders.

Extravagance.

Senator Aldrich admitted upon the floor of the Senate that this Government if run on business principles could be run for $300,000,000 a year less than it now costs to run it. They promised to reduce expenses. The appropriations authorized at the last session amounted, in round numbers, to about one billion and thirty million dollars, carrying about $20,000,000 more than ever before. We have heard of billion dollar Congresses but this was a billion and thirty million dollar session. In heaven's name, is it not about time that the people were arousing themselves to drive from the temple the money changers who are trifling with their liberties? When they get in they construe downward to mean upward, and reduce they construe to mean increase.

Down with Cannonism! Down with plutocracy! Down with unlawful trusts and combines, chief beneficiaries of tariff legislation, purchasers of elections, debauchers of the ballot! Down with those who would Mexicanize this Republic and destroy the liberties of the people!

The great danger is that by means of Republican acts and policies, with the few getting richer and the many poorer, with greed, graft and centralization, it will finally produce on the one side a privileged class, an aristocracy or plutocracy, which means dictatorship and slavery; on the other side socialism which means chaos, and the great middle class who fight the country's battles in time of war and make it prosper in time of peace, the liberty loving, God-fearing class, will be ground to death between the upper and nether millstones.

This shall not be, for the Democratic party, the party of the people, which at no distant day is coming into its own, and will take charge of affairs and govern for all of the people with special privileges to none and equal rights to all.

Issues.

Back to the slogan of 1876. Retrenchment and Reform. Turn the rascals out. Clean out the Augean stables. A new broom sweeps clean.

A tariff for revenue only, so adjusted as to operate alike upon all classes, all sections and all industries.

The rights of the States shall not be impaired.

The people shall rule.

Enforce the laws against the unlawful trusts. If it is right to indict the bulls who keep up the price of cotton, indict the bears whose business it is, as the representatives of the English manufacturers, to keep the price down as low as possible.

Enforce the laws regulating railroad rates in favor of the people and stop unjust discriminations against the towns and cities of the country. Subsidies are undemocratic and the people will not stand for it.

Income Tax.

Every civilized Nation in this world except this has an income tax. It is the fairest and most just tax which can be levied. Wealth must bear its just proportion of the burden of taxation. Those who have most, are protected most, who are benefitted most by our laws, should contribute most.

The man without any surplus income who purchases $600 worth or farm supplies in a year is forced to pay into the pockets of the trust magnates $200; then tell me why this magnate with an annual income of $20,000 should not pay $200 towards the support of the government.

In my judgment a constitutional amendment was not necessary, as I had very little confidence in the judgment of the court which stood four to five when one of the judges changed his opinion over night. But to free it from doubt, whether it should ever be levied or not in case of an emergency, Congress should have the power to levy it freed from all doubt. The States should adopt the amendment unhesitatingly.

No Senator representing a great sovereign State will ever suffer a tax to be levied upon the State bonds or municipal securities. This is simply a scare and put up to frighten the nervous, but it will not fool the people.

The State.

This is one of the most important elections we have held in years. A majority of the judges of the Supreme and Superior courts are to be elected. Those men who are to pass upon the lives, the liberties and the property of the people. Let us keep the streams of justice pure, free and undefiled.

No State has ever been blessed with a purer, more able and upright judiciary than our party has given the people. In the past we have been cursed with Republican rule. As a result we have been deeply humiliated, we have had mis-rule, rottenness and corruption in high places, malfeasance in office, disorder, sorrow and distress. The people will have no more of it. The grand old Democratic party has been in control for many years. It has never failed to keep a promise made to the people, never broke a pledge. It has never failed to protect the people in their rights, their liberties and their homes.

When under the great tribune of the people, Zebulon B. Vance, under the old Roman, Jarvis, who still lives to bless us with his presence and his counsels, under the gallant old Confederate soldier, Alfred M. Scales, under the eloquent Fowle, under the afrmer Governor, Carr, the captain of industry, Holt, under Aycock, the eloquent and progressive Governor, who instilled enthusiasm and new life into our intellectual and educational system, under the big-hearted statesman, Glenn, and last, but not least, under the administration of that honest, fearless and Christian Governor, W. W. Kitchin, who has always been the friend of the people and defender of their rights, the old State has prospered.

Under these great leaders the Democratic party has been in control and has given us peace and quiet in our homes; it has asserted and established the right of the white man to rule and placed him in control forever. It has educated the people, industries have flourished, farming advanced, and under its benign influence, with education and temperance going hand in hand, with building of good roads, the building of great charitable institutions, the pensioning of old Confederate soldiers, there has been a wonderful uplift in the old State. The record of the old party, like an open book, can be read of all men. The management of its financial affairs has been with honesty, integrity and with the greatest economy. When Philadelphia and other great cities of the country could not dispose of its bonds, when government bonds for the first time are no longer in demand, when it seemed that the Legislature had to be called in extra session to meet a great emergency here with the maturing of our bonds, the patriotic bankers and moneyed men of the State—all honor to them—came forward and over-subscribed for our new 4 per cent. bonds of more than three million dollars. They did it not only because of their love of the State but because they have confidence in our great Governor and faith in the Democratic administration of affairs. They know as long as this great party was in control the

The Fountain Head of Life Is The Stomach

A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

Dr. PIERCE'S GOLDEN MEDICAL DISCOVERY makes the stomach strong, promotes the flow of digestive juices, restores the lost appetite, makes assimilation perfect, invigorates the liver and purifies and enriches the blood. It is the great blood-maker, flesh-builder and restorative nerve tonic. It makes men strong in body, active in mind and cool in judgement.

This "Discovery" is a pure, glyceric extract of American medical roots, absolutely free from alcohol and all injurious, habit-forming drugs. All its ingredients are printed on its wrappers. It has no relationship with secret nostrums. Its every ingredient is endorsed by the leaders in all the schools of medicine. Don't accept a secret nostrum as a substitute for this time-proven remedy OF KNOWN COMPOSITION. ASK YOUR NEIGHBORS. They must know of many cures made by it during past 40 years, right in your own neighborhood. World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

DAVID'S

An Ideal Summer Shirt

Soft neckband and bosom, turn back or double cuffs, white and grey background, with black and colored hair line stripes. These shirts have just been received, and have never been offered before at a popular price.

THE MORNING STAR

Published by the WILMINGTON STAR COMPANY (Inc.) Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under act of Congress, March 2nd 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

The MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.25 for three months, 50 cents for one month, served by carrier in the city or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office No. 51; Editorial and Local rooms No. 61. Call either if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will be invariably rejected unless the real name of the author accompanies the same, not necessarily for publication but as a guarantee of good faith.

Friday, July 15th, 1910.

It is said that Kansas wants Roosevelt for President in 1912. Whenever Kansas gets in any game it is time to renig.

The Republicans are rejoicing over our numerous Democratic "deadlocks." The opposition thinks they will be easier to burglarize.

We hope the Republican disturbances throughout the United States are greater and more serious than we fear that they are not.

The political campaign is now in full blast. As evidence of it the news about trust busting is offered for intermittent consumption.

Before you appeal to a man for his vote on account of the high cost of living better first ascertain whether he is a producer or a consumer.

The people who are making all that noise about high prices are the consumers. Those who enjoy the cause of this disturbance are the producers. It is strange how interests are always conflicting.

There isn't an Elk that doesn't wish he were at Detroit this week. An Elk's idea of a good time is to have it and share it with the other fellow. Every bunch of jolly Elks is unanimously a mile high.

Most of those who are conducting the campaign for "Back to the Farm" practice what they preach. They have their back to the farm while trying to get the other fellow to return to the farm and get rich.

Nat Goodwin is hanging out at Reno. This means that for the steenth time Nat has matrimonial shackles to be loosened. He has a record of having acquired more brides and divorced more wives than any man on the stage.

The Nashville American states that during the fiscal year in Alabama more than 2,000 illicit distilleries were broken up. This shows that tremendous though unsuccessful efforts have been made to assuage a large amount of thirst in Alabama.

It is awfully hard for the merrisome and lighthearted Senator Bob Taylor of Tennessee to have his brow clouded by the ugly political situation in Tennessee. People would have less trouble if some people wouldn't always be getting things in a snarl.

Those Young Republicans who have been shanghaied to Washington and made conspicuous by offices bigger than themselves are taking themselves too seriously. They should know that the country is safe, while sooner or later they will be standing off their landlady if they don't go to work for themselves.

Whatsoever a man doeth, that is what goeth to make up his record. What he saith in juggling words and yet cometh not across with actions to suit his words, the same setteth a snare for the unwary, the unsophisticated, and the sucker. Fair promises unperformed are delusions and the final analysis of them is hot air.

A Washington dispatch says Secretary Frank Morrison, of the American Federation of Labor, gives it out that organized labor is down on the Taft administration. It ought to be, but in spite of the fact that organized labor is under no obligations to the Republican party it casts the vote in the States which elected Taft two years ago. You can't tell how organized labor stands till the vote is counted, but let us hope that the working men of the North are getting their eyes open to the fact that the Republican party stands mostly with the employers of labor.

OUR SISTER REPUBLICS.

The cordial relations between all the delegates in attendance upon the Pan-American Congress now meeting at Buenos Ayres would seem to indicate that there is little of the animosity to the United States that recent newspaper publicaions would seem to indicate. The United States delegates have been received with great courtesy and have been specially honored by the distinguished representatives from the leading South American Republics.

The Baltimore Evening Sun is inclined to entirely discredit the recent rumor that the Latin-American Republics represented at the conference would go there prepared to form a combination against the United States and protest against its policies towards the Republics of Central and South America. Our esteemed contemporary, however, says that "it is plain, that there is a good deal of ill-will towards Uncle Sam in some of the yellow States to the southward, but in that ill-will the more enlightened and powerful Republics do not share." The gratifying statement is made that Argentina and Brazil, for example, have no reason whatever for antagonizing the United States and that the intelligent men of Latin-America are almost unanimously pro-American. Following the example of President Diaz, of Mexico, they desire to foster amicable trade relations with the United States and to bring American capital into their countries.

It was for that reason that the Pan-American Congress was set on foot a number of years ago, and the desire of the United States to maintain the most friendly trade and political relations with our sister American Republics is shown by the erection in Washington of an exceedingly handsome building as headquarters for the Pan-American brotherhood. It has been the aim of this country to act in such a diplomatic way towards the Latin Republics as to get their good will and establish the closest trade relation with them. It is to be regretted, however, that our diplomacy concerning some of the smaller Republics has not been such as to inspire any great amount of confidence in the good intentions of the United States. For instance, the manner employed by the Roosevelt administration in acquiring possession of the Panama Canal route was sufficient to create indignation among the people of Latin blood.

This country actually encouraged and aided and abetted a revolution in the United States of Columbia, the result being that the pigmy Republic of Panama gained its independence from an already small Republic. Of course, we need never expect to have the good will of Columbia and we might mention that our manner of dealing with Venezuela and Nicaragua has not been such as to make those people love us to any great extent. The notable instances in which our treatment of some of our Central and South American sister Republics has been more or less discreditable are connection with matters of "trade," for we have strenuously stood by American capitalists who have gone there to exploit the country more like buccaneers than captains of industry.

In yesterday's Star we spoke of the seriousness of the undertaking of the United States in enforcing the Monroe Doctrine as it is interpreted by every administration that is installed at Washingtn every four years. Our treatment of Colombia, in practically seizing the Panama Canal route, and our going into the colonial business in the Philippine Islands in the Far East was the beginning of our trouble in making the world powers take the Monroe Doctrine as seriously as they have heretofore done. No doubt they take due cognizance of our inconsistency in possessing ourselves of territory anywhere in the Old World while denying to foreign powers the right to acquire possessions in the New World. The United States weakened the Monroe Doctrine when it went into the colonial business in the Old World, ultimately establishing an American dependence there by force without the consent of the people to be governed. We have no doubt when any foreign power takes a serious notion to acquire American possessions it will use force like we did in the Philippines. Nevertheless, it will create a terrific row, but the Monroe Doctrine is the one policy of this country more calculated than any to sooner or later involve us in war.

Wilmington is forging ahead in spite of what is not done to push her ahead according to her possibilities.

Uncle Joe is quiet now but no doubt he is studying up some new plan to make himself pernicious during the campaign.

The sanitary ordinances at Pittsburg are again being ruthlessly violated. For instance the lid on that old Hartje scandal has been lifted right in the mid-Summer. Phew!

Work 24 Hours A Day.

The busiest little things ever made are Dr. King's New Life Pills. Every pill is a sugar-coated globule of health, that changes weakness into strength, languor into energy, brain-fag into mental power; caring Constipation, Headache, Chills, Dyspepsia, Malaria. 25c at Robert R. Bellamy's.

FEEDING THE NORTH.

The South is the Nation's Garden Spot and the North Carolina portion of it is the best part of it. Eastern North Carolina soils are not only fertile and productive but they are peculiarly adapted to the production of the early fruits and vegetables that are demanded in markets that supply 30,000,000 of people close to us on the North. Refrigerator trains loaded with North Carolina fruits and vegetables reach the greatest markets in America within 24 hours, and the more we think of it the more thoroughly are we convinced of the advantages of this happily situated portion of the South. These advantages are bound to be recognized, but it is a matter of surprise that this favored region has not heretofore attracted settlers on a large scale. The logic of the situation here is an incomparable climate and a region of vast productiveness while the nearness of the region to a great consuming population in the North is an assurance that land values in eastern North Carolina are not only permanent but inevitably will increase as the possibilities of this part of the country become known and undergo the development of which it is capable.

Eastern North Carolina is now doing an immense trucking business and the industry is steadily growing because of the great demand from the millions of people who consume our early strawberries, fruits, vegetables, and the farm products. It is not necessary to mention the great variety of products which the magnificent trucking region of North Carolina supplies to the Northern markets, but the possibilities, however, are constantly being demonstrated. Not very many years ago a farmer who planted corn did so for his own limited use. It stood in the fields till it ripened and was gathered into the cribs in the Fall to be fed to stock as far as it would go. When it was exhausted in feeding the farm stock, our farmers bought all the additional corn they needed, drawing immense supplies from the West. We have now learned a new lesson and our farmers have discovered that they can save money by supplying their own demand and have ready sale for all that they cannot consume at home. Not only is corn becoming a more profitable crop by reason of the fact that better productive methods have largely increased the yield, but our corn growers are making money shipping green corn or "roasting ears" to Northern markets.

Not many years ago there was no such opportunity open to the farmers for disposing of corn at a good profit by shipping it to the Northern markets to be consumed at the tables of the thousands who are ready with the money to buy all sorts of good things to eat. However, this season immense quantities of green corn have been shipped to the Northern markets by farmers who a few years ago did not dream that they could do a good business growing corn for the table. The counties along the Atlantic Coast Line are more advantageously situated for making truck shipments and it is here that the opportunities are conspicuous.

As one instance that this region is called upon for table corn by the Northern markets, the Sampson Democrat, of July 14th, published at Clinton, states that on last Saturday more than 2,000 crates of corn were shipped from Clinton, in addition to immense quantities that have been going forward since the middle of June. The Democrat boasts that Sampson county produces more early corn than any in the State, and probably it does, for the enterprising Sampson farmers have long ago caught on to the fact that they can make money catering to the appetites of the Northerners who are fond of the delicious sweet corn for which eastern North Carolina is famous.

CURRENT COMMENT.

Should all else fail, Colonel Roosevelt might have himself bound in calf and pose as an encyclopedia.—Baltimore Evening Sun.

It would not be surprising if "Insurgent Jimmie" Garfield should proclaim himself under martial law, lest he upset the Grand Old Party.—Columbia State.

Charleston has no professional baseball and does not pay for any, while some other towns haven't any and pay for it just the same. That's the difference.—Charleston News and Courier.

There has never been a time when peaches in this section were freer of blemishes than this year. One can eat one without fear of striking something unpalatable about the center of it. The crop is also prolific.—Greensboro Record.

This paper regrets that Editor J. A. Robinson has thought it best to get out of the newspaper business in this town. For twenty-odd years he was editor of the Sun and during that time we have found him a clever fellow and a fair competitor. Of course there are courtesies that any newspaper will extend to any other newspaper, but between us it went further than that and the one was always ready to help the other in any way or manner possible. It is as little as we can do to hope that he will find employment congenial to his taste.—Durham Herald.

The corn, wheat and hog crops this year are the best in the county. The wheat crop was generally satisfactory, the grain in the majority of instances was saved and in good shape. This is very gratifying, especially to the editor of the Times who put forth his best efforts last year to induce our farmers to plant wheat. The corn crop promises well and with good seasons should reward our farmers with a bounteous harvest. We believe there is a genuine interest in the grain crops being awakened in the county. The hog crop also promises well and so far this season we have heard of no fatalities from hog cholera.—Wilson Times.

With excessive wiggling of their ears a number of our Republican contemporaries announce that the customs receipts for the last fiscal year were $333,043,800, while never before have they been higher than $332,232,362, which was in 1907, under the Dingley tariff law. They point out that this is a conclusive evidence of prosperity, although, to our mind, they might just as well cite the preponderence of 3's in the figures quoted as a sure sign that Protection is as sacred and exact a thing as the rule of three. The high tariff has increased the cost of living at least 20 per cent. It has caused an increase in customs receipts of less than half of 1 per cent. The remaining nineteen or more per cent. of the increase in the cost of living, directly attributable to the tariff, has gone where? Not to the government surely, but to the beneficiaries of the tariff graft. These beneficiaries are more prosperous than ever before, but they do not make up the great mass of American citizenship. Even at the risk of being accused of treason, we suggest that legislation should be for the benefit of the whole people, or a very considerable majority of them. What a glorious thing the Payne tariff is! It raised the cost of living more than 20 per cent., and of this increase it allows the government to collect less than one-half of one per cent. That is something to think about. Verily, Republican mathematicians need some lessons in ordinary arithmetic.—Charleston ews and Courier.

SOUTH WILLIAMS.

Chairman of Columbus County Township Meeting Corrects Error.

Tabor, N. C., July 14.—I see in a Whiteville special correspondence the report of a meeting held in South Williams township on last Saturday evening over which I presided and that this meeting was called to enter a protest against the manner of selecting delegates to the Congressional Convention which is incorrect, as the manner of selecting the delegates was not mentioned in the meeting. But knowing that 98 per cent. of the voters of South Williams township are outspoken for Hon. H. L. Godwin and that the delegates chosen to represent us in the convention are outspoken against him and as we did not take the strength of any candidate in the primary, the meeting was called to order to make the wishes of the people known to the delegates and condemn the actions of some of the politicians in manipulating plans in order to defeat Mr. Godwin. South Williams is for Godwin.

LIVE STOCK BURNED.

Barnard Stables Near Raleigh Destroyed—Rev. Elsom on Vacation.

(Special Star oCrrespondence.)

Raleigh, N. C., July 14.—Three horses and four mules, twenty tons of hay, a large quantity of other feed and farm implements valued at several thousand dollars were burned early this morning when fire broke out in the big barn on the farm of Grimes Cowper, of this city, two miles from Raleigh. Mr. Cowper's fine buggy horse which he had sent out to the farm while he left for several weeks' stay at Morehead, was among the stock burned. The whole interior of the place was aflame before the fire was discovered and nothing could be done to get the stock out. H. H. Goodwin is superintendent of the farm and lives in the residence some distance from the barn.

Rev. P. C. Elsom, pastor of the Third Baptist Church, has been granted an indefinite leave of absence to go to Texas to do evangelistic work for a season. Elsom was first pastor of Fayetteville Street Baptist Church here and a split in the congregation resulted in the withdrawal of him and his followers to form the Third or Evangel Baptist Church. For several weeks he had the board of deacons and their followers of the Fayetteville Street church barred from the church and held services there for the "insurgents," the pulpit manners and sensational methods of Rev. Elsom were the bone of contention.

NORTH CAROLINA CROPS.

Conditions Around Raleigh Good—Extraordinary Corn Yields.

(Special Star Correspondence.)

Raleigh, N. C., July 14.—It is estimated that cotton in this section is about two weeks late, but that it is catching up rapidly under fine growing weather conditions that have prevailed for some time. The average stand is a little ragged, but the crop outlook is quite good. The condition of corn and crops generaly is very promising of good yields also. The indications are that some remarkable corn yields will be achieved this Fall in connection with numerous corn contests, not only among the farmer boys of the county for prizes offered, but by prominent farmers anxious to outdo records heretofore establisaed. W. A. Simpkins, well known farmer, is expecting to gather 50 barrels of corn from an acre that he has under special cultivation. Jno. F. Batts made a world record on corn in this county last year and says he expects to break his last year's record this season. The competition between Simpkins and Batts in special corn culture is very keen. Simpkins has established a reputation throughout the South for a specially bred cotton seed that has large yield and is said to resist boll weevil.

'Foley's Kidney Pills Have Cured Me.'

The above is a quotation from a letter written by H. M. Winkler, Evansville, Ind. "I contracted a severe case of kidney trouble. My back gave out and pained me. I seemed to have lost all strength and ambition; was bothered with dizzy spells, my head would swim and specks float before my eyes. I took Foley Kidney Pills regularly and am now perfectly well and feel like a new man. Foley Kidney Pills have cured me." Robt. R. Bellamy.

ENCAMPMENT A SUCCESS.

Third Regiment Back From Morehead City—Fine Marksmanship.

(Special Star Correspondence.)

Raleigh, N. C., July 14.—The companies composing the Third Regiment North Carolina National Guard have just returned to their home stations from a ten days encampment at Camp Glenn, Morehead, and the Raleigh company and band members are enthusiastic in praise for the success of the encampment. Adjutant General Armfield says the encampment was successful in every way, the rifle range practice having been especially successful. This is shown especially by the fact that 125 of the men qualified as expert mraksmen compared with 53 last year. The highest mark scored this encampment of the Third was by Private D. K. Taylor, Company E, Oxford. The highest marks for all regiments of the encampment last season were by Adjutant General Armfield and Sergeant Malone, of Goldsboro.

STORM IN GOLDSBORO.

Steeple of Church Struck by Lightning—Union Station Damaged.

(Special Star Correspondence.)

Goldsboro, N. C., July 14.—Early this morning, while a severe electric storm was sweeping over this city, lightning struck the steeple of the First Baptist church, damaging same very badly and leaving it almost an entire wreck. The union passenger station was also damaged by the lightning and several people who were in the station when the building was struck say they were slightly dazed. For about an hour the entire city was flooded with water, the streets looking like young rivers, while the lightning flashing and the thunder rolling reminded one very much of being out at sea. It was the worst storm this city has witnessed in several years and farmers living near the city report very serious damage to their crops.

Foley's Kidney Remedy will cure any case of kidney and bladder trouble not beyond the reach of medicine. No medicine can do more. Robt. R. Bellamy.

HENRY JEROME STOCKARD, A. M., Pres., Raleigh, N. C.

JULY TERM SUPERIOR COURT

Will be Presided Over by Judge H. D. Whedbee, of Greenville—Trial of Both Criminal and Civil Matters.

The regular July term of New Hanover Superior Court will convene Monday morning, the 24th, with Judge H. D. Whedbee, of Greenville, presiding and Solicitor Rodolph Duffy, of Catherine Lake, looking after the interests of the State. The term is for two weeks and is for the trial of both criminal and civil matters.

Judge Whedbee was recently appointed by Gov. W. W. Kitchin as judge of the Third Superior Court district, to fill the unexpired term of Hon. D. L. Ward, of Newbern, resigned, who was appointed a few weeks ago to succeed Judge O. H. Guion, resigned. Judge Whedbee is the Democratic nominee for judge in the third district and his election in November is a foregone conclusion. He is scheduled to hold court in Onslow next week and will come on to New Hanover the week following.

The first part of the term will be devoted to the trial of criminal cases and up to yesterday afternoon only nine cases had been docketed. This number will probably be slightly increased before court convenes. Only a few days at the outside will be required to dispose of the criminal side of the docket and then the civil cases will be taken up. It is expected that the bar of the county will hold a meeting in the office of the Clerk of Superior court this morning to arrange the calendar for the civil cases to be considered at the term.

MRS. CLEAPOR PASSES AWAY.

Wilmington Lady Died While on Visit to Daughter at Columbia.

While on a visit at Columbia, S. C., Mrs. C. W. Cleapor, of this city, passed away yesterday morning at the home of her daughter, Mrs. J. R. Williams,, following an acute illness of only a few days and her death will be learned of with sincere sorrow by many friends here and elsewhere.

Mrs. Cleapor was a native South Carolinian, coming to this city with her son, Mr. W. G. Cleapor, who works with the Coast Line here and lives at No. 308 North Sixth street. The deceased was in her 75th year. She was a member of St. John's Episcopal Church and was beloved by all who knew her.

There are surviving of the immediate family two sons and two daughters, as follows: Mr. W. G. Cleapor, of this city; Mr. Nat Cleapor, of Charleston, S. C.; Mrs. Jno. G. Thompson, of Charleston, and Mrs. J. R. Williams, of Columbia, S. C. She also leaves two granddaughters, Mrs. F. R. King, of this city, and Miss Bessie Cleapor, of Atlanta.

The remains will be sent to her old home at Charleston, S. C., for the funeral and burial.

Mr. W. G. Cleapor left here Wednesday for Columbia in response to a telegram informing him of the critical illness of his mother.

DOG CART ON ROUNDS.

Sent Out by Police Department and is Gathering in Canines.

The dog-catcher is on his annual round in Wilmington and many are the canines he has gathered in during the past few days. The cart is sent out by the police department this year instead of by the Streets and Wharves Committee of the Board of Aldermen, as formerly. Woe be unto the dogs found roaming the streets without a badge, indicating that the annual tax has been paid to the City Clerk and Treasurer. A large number of dogs have already been nabbed and taken to the pound, where they may be redeemed by the owners, and the work has not yet been finished. During the past few days the City Clerk and Treasurer has had many calls for dog badges and the demand promises to grow even greater.

Bound Over to Superior Court.

The lone defendant in yesterday's session of the Recorder's court, presided over by Justice George Harriss, was Alex. Roberson, colored, charged with forgery. Roberson was arraigned Wednesday, but as the prosecutor did not appear the case was dismissed. However, it developed later that a mistake had been made in summoning the witnesses, they having been cited to appear yesterday instead of Wednesday. Instructions were then given the officers to re-arrest Roberson, which was done. The prosecutor was Bert Green ,colored, who alleged that Roberson obtained $3 from a money lender by forging his name. It was a case in which the Recorder has no jurisdiction and the defendant was bound over to the next term of Superior Court.

Argued Motion in Richmond.

Hon. John D. Bellamy and Robert Ruark, Esq., returned yesterday from Richmond where on Wednesday they argued before the Circuit Court of Appeals the motion of the Gardner-Lacy Lumber Co., to be relieved of costs or part of costs in the Green Swamp cases. Mr. Bellamy represented the Gardner-Lacy interests and Mr. Ruark the Waccamaw Lumber Co., who won the case in the courts. A ruling on the motion will be made later.

Napoleon's Grit.

was of the unconquerable, never-say-die kind, the kind that you need most when you have a bad cold, cough or lung disease. Suppose troches, cough syrups, cod liver oil or doctors have all failed, don't lose heart or hope. Take Dr. King's New Discovery. Satisfaction is guaranteed when used for any throat or lung trouble. Baseball today! Double-header. Games 2:30 and 4:30. Two games for one admission. **

Lumina Tonight.

Souvenir dance complimentary to N. C. Dental Society. **

BOYS' BRIGADE TO CAMP

Advance Guard Went Down Yesterday to Get Things in Readiness for Soldiers, Who Leave This Morning.

Members of the Boys' Brigade, representing the two divisions, will leave on the steamer Wilmington at 9 o'clock this morning for Southport, where the 14th annual encampment will be held. The advance guard went down yesterday morning and others left in the afternoon and they will have everything in readiness for the annual outing when the "boys" arrive about noon today.

The indications are that this will probably be the largest attended and most successful encampment in the history of the organization. It is understood that most of the members have been given leave of absence by their employers in order that they may participate in the outing, and there is no denying the fact that they will return to their duties greatly refreshed in mind and body.

The encampment will formally open at Camp Brunswick at 2 o'clock this afternoon and will continue until Saturday afternoon, July 23rd, when the boys will unfold their tents and pack up all their paraphernalia and return to Wilmington. The equipment of the organization is usually stored at Southport, where it is left from one encampment to the other.

Col. Walker Taylor, the founder and commander of the Brigade, will go down with the boys this morning and remain throughout the encampment. The doings of the boys in camp will be given to the outside world through The Star by C. C. Loughlin, Esq., and Mr. B. F. King, Jr., the enthusiastic press agents of the Brigade, whose letters will be read with much interest.

WEEK OF NOVEL VAUDEVILLE.

Crystal Palace Will Open Next Week With Something Choice.

Next week the Crystal Palace will open its doors for a short season of novel and polite vaudeville, that will appeal to all and that should especially be appreciated by the stays-at-home. The Palace did not intend to run at all during the warm weather months, but obtaining a rare chance to land something very exceptional for next week, the management decided to take advantage of the opportunity so as to furnish the amusement lovers of Wilmington with the very latest. So all next week the Palace will be open and it will be equipped with plenty of electric fans to keep the place cool. The vaudeville offering will be headed by Mlle. Nennelle, who is creating something of a sensation with two startling but decidedly pretty aerial acts, "The Girl in the Moon" and "Halley's Comet." In each she floats over the heads of those in the audience and sings and tosses flowers right and left. Hal Mordaunt & Co. are also on the bill and will be seen in the roaring farce comedy, "Matrimonial Tribulations." There will be other vaudeville features and, besides, two reels of the latest moving pictures will be presented. The bill will be changed daily and the prices will be small, as of yore, being 10 cents in the afternoons and 15 cents at night. The first performance will be presented Monday afternoon.

REV. HORACE L. SINGLETON.

It Was Evidently He Who Died in New York Wednesday.

Mention was made in yesterday morning's Star that a telegram was received here at an early hour yesterday morning from a leading New York newspaper in which was contained the announcement of the death of Rev. Horace Leonard, said to have been a former pastor of a Wilmington Presbyterian Church. The message was received too late to learn anything definite about the divine's career in Wilmington, but several of the older citizens of the city, communicated with immediately after the telegram came, did not remember a Presbyterian minister by that name. Further inquiry yesterday developed the fact that the telegram evidently referred to Rev. Horace L. Singleton, who was called to the First Presbyterian Church at Wilmington, November 21st, 1865, and entered upon his duties in May, 1866, serving the church until October 1st, 1871, when he moved to New York where he has since resided. He was a native of Baltimore and came from that city to Wilmington. Several years ago he visited Mr. James Sprunt in this city. Recently he had been in very feeble health.

WRIGHTSVILLE BEACH.

Big Development Project Now on Foot. Lots Now on Sale.

In the scheme for a greater development of Wrightsville Beach, made necessary by the present record-breaking season at that famous resort, looms large the possibilities through the Wrightsville Beach Extension, which movement has just been launched in the development of that splendid property just above Tarrymoore Hotel. Three lots were sold yesterday and arrangements are now making for a great auction sale, the plans for which will be given in detail a little later. The extensive improvements to the property are now nearing completion and the United Realty & Auction Co., of Wilmington, which has the development in charge, will today open an office on the premises and a representative will be present from 11 A. M. to 6 P. M. to furnish all information and terms to purchasers. The enormous crowds now on the beach attest its popularity as a resort and the future is full of bright prospects for investors. The propositions now being offered are especially attractive both to homeseekers and investors.

Married Yesterday Afternoon.

Many friends will be interested to learn of the marriage of Mr. John Neill Eason and Miss Varo Edwards, both of Wilmington, which took place at 4 o'clock yesterday afternoon in the office of the officiating magistrate, Justice G. W. Bornemann. Mr. Eason is a local contractor. Both have many friends who learn of the marriage with interest.

NOW CLEANING UP THE CITY

Streets and Wharves Committee Begins Much Needed Work—Asks Co-operation of the People Generally.

The people of Wilmington generally will be interested in the announcement made yesterday morning by Alderman Fred W. Bonitz, chairman of the Streets and Wharves Committee, to the effect that the city forces, under his direction, had begun the work of cleaning up the city with a view of putting it in a thorough sanitary condition. To this end Alderman Bonitz asks the hearty co-operation of the people, both in the residence section and in the down town district.

Alderman Bonitz stated that the work would be prosecuted vigorously for the next three weeks with an extra force of hands. There is no doubt of the fact that the annual cleaning up campaign is badly needed at this time and it is believed that the people will be ready and willing to co-operate with the Streets and Wharves Committee. The people may co-operate by cleaning up their premises and leaving the trash in a can or box on the side of the street and by cutting down the weeds and other vegetation. The trash, etc., should be put out on the side of the street by Saturday at noon in order to be hauled off by the city carts this week. The merchants are requested not to sweep the trash from their stores into the street, but use a box on the side of the street, so it can be carried off by the city carts. Alderman Bonitz said that he could not understand why some grocers, who have the reputation of keeping absolutely sanitary places, should persist in throwing the sweepings into the street, when they could just as easily put the sweepings in a box.

A new street sprinkler and a sanitary garbage wagon have been ordered and are expected to arrive in a short time. Another street sprinkler is badly needed and the fact that one has been ordered will be welcome news to the people of the city. The sanitary garbage wagon is a great improvement over the old one now in use.

LIFE INSURANCE AGENTS

Will Gather at Wrightsville Beach Latter Part of Month.

Mr. Edgar L. Hinton, the popular manager of the Seashore Hotel, Wrightsville Beach, was advised yesterday by the Security and Annuity Life Insurance Company, of Greensboro, that its agents will gather at Wrightsville Beach July 21st, 22nd and 23rd for their annual outing, and will make Seashore Hotel their headquarters during their sojourn at the resort. There will be agents from Georgia, South Carolina and North Carolina and the number will be large. As previously announced agents of the Jefferson Standard Life Insurance Company, of Raleigh, will have their outing at the beach August 10th and 11th and will make the Seashore Hotel their headquarters. The State convention of the Junior Order, United American Mechanics, will be held at the Seashore Hotel in August, beginning the 23rd and continuing for three days. The Seashore has been crowded with guests for the past five weeks and the indications are that the number will hold up until late in the season.

Two Arrests in Shooting Affair.

As the result of information secured by police officers who made an investigation of the shooting affair at Seventh and Princess streets Wednesday night, Gus Allen and Randolph Henderson, colored, were arrested last night on suspicion that they had a part in the trouble. Allen was arrested at 8:30 by Officer Jordan and Henderson was nabbed at 12:50 this morning by Officer Hall. Both deny any knowledge of the affair. They will probably be arraigned in the Recorder's court today.

Fine Brunswick Apple.

Brunswick county not only has the world's record for potatoes and watermelons, but she also on occasions can raise fruit. The Star was presented yesterday with a large "Summer Queen" apple grown on Mr. R. E. Mercer's place at Bolivia. The apple weighs 13 ounces and measures 13 1-2 inches in circumference. Yea, verily, it is a whopper.

Moving Pictures on Pier.

Moving picture enthusiasts will be interested to learn that the octagon pavilion on the end of the Seashore Hotel pier will be devoted to moving pictures in the future. The location is ideal and the novelty will appeal to a great many. Mr. F. W. Pfeiffer, of Joyland Theatre, will personally supervise the picture show on the pier.

VIRGINIA DRUGGISTS.

McKay Elected President at Norfolk. Other Officers Named.

Norfolk, Va., July 14.—H. R. McKay, of Luray, was today elected president of the Virginia Pharmaceutical Association. He succeeds George A. Van Lear, of Roanoke. The following other officers were elected: W. L. Lyle, of Bedford City, first vice president; C. D. Fox, of Roanoke, second vice president; C. B. Fleet, of Lynchburg, secretary, and Henry S. Eley, of Suffolk, was re-elected treasurer. James W. Burdette, of Culpepper, was elected local secretary.

Roanoke was chosen as the next meeting place of which will be the second Tuesday in July, 1911.

All regular committees and appointments were made before the association adjourned at 4:30.

SERIOUS PITCHED BATTLE.

Bandits and Construction Men Fight —Several Shot.

Cleveland, O., July 14.—Telephone reports from North Olmstead, this county, say that a pitched battle has just taken place there between the 40 members of a construction company and a gang of bandits, in which several have been shot. The sheriff and a heavily armed posse have left for the scene of the fight.

The bandits entering the camp near midnight, awakened the construction men, who had been paid off today and lined them up for a wholesale robbery. A shot from one of the workmen started a general battle.

ALLEN AND LEE WIN IN CONTESTS

(Continued From Page One.)

Lee on the first ballot by a safe majority.

The convention adjourned tonight at 10:30 after speeches by ex-Governor Aycock and others. The reports of the platform committee and committee on resolutions were presented, the latter including a message of sympathy for the Governor in the illness of his mother in which the entire convention joined heartily. The membership of the platform committee and of the State Executive Commitee selected at caucuses of each of the ten Congressional districts are given below ,each district being entitled to six members on the State Executive Committee.

The platform reiterates the old principles and declared for constructive statesmanship within the party to meet new economic conditions that recent years have seen arise.

The committee on platform and resolutions was as follows: W. G. Lamb, of Marion; L. Varser, of Lenoir; I. I. Moore, of Craven; Walter Clark, Jr., of Wake; C. B. Watson, of Forsyth; H. C. McQueen, of New Hanover; W. C. Hammer, of Randolph; W. D. Turner, of Iredell; Clyde R. Hoey, of Cleveland; Judge J. D. Murphy, of Asheville.

The State Executive Committee: First district, W. G. Lamb, of Marion; F. G. James, of Pitt; E. A. Daniel, of Beaufort; E. F. Aydlett, of Pasquotank; L. L. Smith, of Gates; C. E. Thompson, of Pasquotank.

Second—P. J. Macon, of Warren; W. A. Finch, of Wilson; F. D. Winston, of Bertie; N. J. Rouse, of Lenoir; W. O. Howard, of Edgecombe; E. E. Travis, of Halifax.

Third—W. D. Hargett, of Jones; P. D. Warren, of Craven; A. B. Croom, Jr., of Pender; H. A. Grady, of Sampson; M. M. Capps, of Onslow; Nathan O'Berry, of Wayne.

Fourth—H. A. London, of Chatham; Ed S. Abell, of Johnston; J. P. Bunn, of Nash; J. B. Young, of Vance; K. B. Johnston, of Wake.

Fifth—C. O. Michael, of Rockingham; H. A. Foushee, of Durham; C. H. Haynes, of Surry; W. A. Devin, of Granville; W. I. Underwood, of Guilford; S. M. Gattis, of Orange.

Sixth—W. H. Bernard, of New Hanover; E. J. Hale, of Cumberland; J. J. Furlong, of New Hanover; Homer L. Lyon, of Columbus; A. W. McLean, of Robeson; E. F. McCulloch, of Bladen.

Seventh—J. R. Blair, of Montgomery; D. W. Parham, W. L. Parsons, of Richmond; R. A. Morrow, of Union; W. E. Brock, of Anson; D. A. McDonald, of Moore.

Ninth—R. R. Ray, of Gaston; J. A. Bell, of Mecklenburg; Edgar Love, of Lincoln; J. P. Young, of Catawba; I. T. Avery, of Burke; Guy Roberts, of Madison.

Tenth—C. A. Webb, of Buncombe; M. L. Shipman, of Hendersonville; J. C. Mills, of Rutherford; J. H. Dillard, of Cherokee; Hon. S. L. Rogers, of Macon; W. T. Lee, of Haywood.

HARDWARE MEN ADJOURN.

Business Sessions End, Afternoon and Night to Recreation.

(Special Star Telegram.)

Charleston, S. C., July 14.—The business sessions of the Retail Hardware Dealers' Association of the Carolinas ended at noon today. W. H. Smith, of Gaffney, S. C., was elected president for the ensuing year and Asheville, N. C., was chosen as the next place of meeting. The Association has been royally entertained in Charleston by the trade, the features this afternoon being a trip to the Navy Yard and a trap shoot. A supper and dance at the Isle of Palms was the programme for tonight. The local hardware stores are all closed for the exercises this afternoon.

The Wilmington trade was represented at the meeting by Jos. N. Jacobi, of the N. Jacobi Hardware Company, one of the oldest houses in the Carolinas.

Lumina Tonight.

Souvenir dance complimentary to N. C. Dental Society. **

DOCTOR ADVISED OPERATION

Cured by Lydia E. Pinkham's Vegetable Compound

Galena, Kans.—"A year ago last March I fell, and a few days after there was soreness in my right side. In a short time a bunch came and it bothered me so much at night I could not sleep. It kept growing larger and by fall it was as large as a hen's egg. I could not go to bed without a hot water bottle applied to that side. I had one of the best doctors in Kansas and he told my husband that I would have to be operated on as it was something like a tumor caused by a rupture. I wrote to you for advice and you told me not to get discouraged but to take Lydia E. Pinkham's Vegetable Compound. I did take it and soon the lump in my side broke and passed away."—Mrs. R. R. HUEY, 713 Mineral Ave., Galena, Kans.

Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has proved to be the most successful remedy for curing the worst forms of female ills, including displacements, inflammation, fibroid tumors, irregularities, periodic pains, backache, bearing-down feeling, flatulency, indigestion, and nervous prostration. It costs but a trifle to try it, and the result has been worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

OVERMAN SOUNDS THE BATTLE CRY

(Continued From Page Three.)

old State was bound to prosper and would promptly meet her obligations. The old State has not only prospered financially, industrially, intellectually and morally, but there has been such a wonderful uplift that the eyes of the whole country are turned towards her looking on with pride and admiration.

Democrats may differ upon matters of detail, they may differ upon local questions, they may differ upon purely moral questions and policies; there are extremists and there are conservatives in the party, but upon the fundamental principles of the party and upon the still greater question of saving the State from political misrule, rottenness and ruin we are all united as one man, and hand in hand, heart to heart and shoulder to shoulder we shall go into the fight to win.

They tell us here and there that some young man is leaving us. I cannot believe that any young man with the love of the State in his heart, with the blood of the Cavalier, the Huguenot and the Anglo-Saxon flowing in his veins, when he stops and looks backwards at the record of the Democratic party, and he remembers that its success was the hope of his father, the prayer of his mother, when he remembers the distress and the sorrow that was upon them; when he considers how success did come to it, how it brought order out of chaos, peace in our homes, quiet in our borders and put the white man in control; when he remembers how it brought sunshine out of darkness, prosperity out of poverty, hope out of despair, how his ancestors fought for it, loved it and died for it, he will never desert it. Whenever one of our young men deserts us you will always notice he don't look like the same fellow. He generally has that hang-dog look upon him that never comes off.

Two men were riding upon a train, and one of them bet a friend that he could tell a Republican from a Democrat whenever he saw him. He pointed out two men in a seat in front of him and said: "The fine looking fellow on the right is a Democrat; that other fellow with the sallow face, scowling countenance, is a Republican. The old man heard his remark, and turning back upon him said: "You are a liar; I am not a Republican, I have had the yellow jaundice."

Democracy.

The freedom of the people and the integrity of this great Republic lies in the Democratic party, the party of Jefferson, of Jackson, of Tilden, of Cleveland, of Vance. As they taught and led us so it stands today, the party of all the people, standing for honesty and integrity in public service, for economy in public affairs, encouragement of industry and development of trade, equal justice, equal opportunity to all, the friend of labor, the friend of the corporation doing a legitimate business, believing that the aggregation of capital used in a lawful way, without destroying competition, is necessary for the upbuilding of the country. But it is the bitter, relentless, undying foe of monopolies and corporate greed and oppression.

It will fight to the death the Republican party because it believes under its present policies it is a continual menace to individual liberty and equal opportunity in this life, a menace to local self government and the rights of the States, a menace to the very Constitution itself.

Founded upon the principle of eternal truth, righteousness, justice, equity and equal rights, the Democratic party cannot die. It was not born to die. Its mission is to see that the people shall rule and their rights are protected; that our Republican institutions shall not pass away.

GUNS FOR ELFRIDA.

Naval Constructor From Charleston to Install Them at Newbern.

Charleston, S. C., July 14.—Naval Constructor Furer will shortly leave for Newbern, N. C., to superintend the installation of two small guns on the converted yacht Elfrida, which is being used by the naval reserves of North Carolina. In order to save time, he will not leave the Charleston yard until the guns and things are ready for the prosecution of the job that he may not be long away from his duties at the yard.

HOT-WEATHER DYSPEPSIA

It is a well known fact that it is harder to digest cold food than warm food, and as most of the food eaten in hot weather is iced, a great amount of digestive suffering results. It is well to be careful about what you eat in hot weather, and not to over-eat, but it is more important still if you are suffering from indigestion to have it cured promptly. It is hard enough at best to bear up under terrible heat, but when the stomach is loaded with food it cannot digest and the bowels are clogged with decaying matter, the whole system becomes congested. You become subject to headaches, colds, fever, constipation and a dozen and one ailments that make life a burden. Take a few doses of Dr. Caldwell's Syrup Pepsin and you will find immediate relief and in a short time a permanent cure. It will cleanse the stomach and bowels and give your system a new start. Appetite, good spirit, sound sleep and energy will soon return and your dyspepsia will have vanished. The cost is only 50 cents or $1.00 a bottle, and there is sufficient for you and your family. A TRIAL BOTTLE FREE OF CHARGE can be had by writing to

USE DR. CALDWELL'S SYRUP PEPSIN

Rosenthall and daughter, Miss Nettie Rosenthall and granddaughter, Miss Helen Schiff, leave Saturday for a three weeks' stay at Wrightsville.

* * *

PRETTY HOME MARRIAGE AT HIGH NOON YESTERDAY.

Miss Hattie Lee Joyner and Mr. J. W. Liles, of Jacksonville, Fla., son of Mrs. Wm. Liles, of this city, were happily united in marriage at the home of the bride's parents, Mr. and Mrs. David J. Joyner, at Acorn Branch, yesterday at high noon ,the beautiful and impressive ceremony being performed by Rev. W. L. Rexford, pastor of Bladen Street Methodist Church. There were present a number of the friends of the couple, who extended felicitations and best wishes. Mr. and Mrs. Liles will make their home in Jacksonville, Fla.

BIG GUNS FOR INDIANA

Both Parties Will Have Notable Orators on the Stump.

Indianapolis, Ind., July 14.—Since the announcement was made that Theodore Roosevelt would come to Indiana this Fall and speak in favor of United States Senator Beveridge's election both the Republican and Democratic party managers have decided to bring many notable orators to speak in this State.

The Republican State committee has announced that promises have been obtained from Senators Chauncey M. Depew, of New York, J. P. Dolliver and A. B. Cummins; of Iowa, Knute Nelson, of Minnesota, William Alden Sitm, of Michigan, and John L. Bristow, of Kansas, to stump the State for Beveridge.

U. S. Jackson, Democratic State chairman, says that among the Democratic speakers that have accepted invitations to speak in behalf of the candidacy of John W. Kern, for the United States Senate, are Champ Clark, of Missouri; Senator Bailey, of Texas; Former Governor Folk, of Missouri, and Mayor Gaynor, of New York city.

FOREST FIRES DESTRUCTIVE

Situation Grows Serious In Montana. Heavy Losses.

Helena, Mont., July 14.—Scores of forest fires, big and little are among the consequences of the long dought in Montana. From every part of the State and from adjoining States comes news of the destruction of timber by flames, stories of gallant warfare against fire by forest ranges and settlers relates peril to the logging camps ranges and villages.

The losses are difficult to estimate as they are growing hourly and will grow until a shift in the wind comes. The damage already done will amount to millions of dollars.

LIGHTNING KILLS FOUR.

Struck Large Shed Containing Thousands of Bushels of Grain.

Florence, Ala., July 14.—Four men were instantly killed, three others seriously hurt and a large shed containing wheat set on fire by lightning during a storm at 4 o'clock this afternoon. The storm and fire occurred on Buck Key place, eight miles west of Florence. The men were farm hands employed by F. M. Perry.

The shed contained thousands of bushels of grain and was destroyed No insurance was carried.

Important to Women.

Desserts test the ability of the best cooks. To insure success, always flavor with Blue Ribbon Vanilla or Lemon Extract, the REAL FRUIT FLAVORS.

LOCAL DOTS.

—A special souvenir dance given in honor of the North Carolina Dental Society will take place at Lumina tonight. Attractive souvenirs will be given to the ladies. The dance will no doubt be well attended.

—Augusta Hill, a colored girl, who was taken into custody late Wednesday night by Officer Frank George, having shown signs of being mentally unbalanced, will be examined at 11:30 o'clock this morning as to her sanity. She was removed yesterday morning to the county jail.

—The Beach Water Company is installing the new electric pump received some days ago at the pumping station at the Hammocks. This is a great improvement and will add to the water pressure at Wrightsville Beach. The new pump will probably be ready for service within a few days.

—The poor demand for eggs on the local market during the past few weeks has brought the price down to 15 and 16 cents a dozen and commission merchants complain that the market is very dull for this great American product. The season of the year and the abundance of eggs is given as the cause.

—The firemen were called out at 2:50 o'clock yesterday afternoon by an alarm from box 126 on account of a small blaze on the roof of a house on Cleveland avenue, owned by Mr. J. D. Doscher and occupied by Louise Faison, colored. The blaze was caused by a spark from a chimney and the damage was trifling.

—Three fine pictures will make up the programme at the popular Bijou theatre today. They are entitled "Saved From the Tide," "The Portraits," and "Lillian and Anetta". The former is of particular interest in this community; the second is a very strong dramatic story of a child's love for the memory of her dead mother, and the third is a story of two clever female gymnasts.

—Deeds were filed for record yesterday as follows: Alex. O. McEachern and wife to Duncan McEachern, for $1,000 and other considerations, 40 acres of land in Harnett township, the same being on south side of macadam road leading from Wilmington to Scott's Hill; Duncan McEachern and wife to H. C. Blake, for $1,000 and other considerations, 25 acres of land in Harnett township, on macadam road leading from Wilmington to Scott's Hill.

PERSONAL PARAGRAPHS.

—Mr. J. H. Fonvielle, a prominent business man of Warsaw, returned home yesterday morning after a brief visit here.

—Mr. W. L. Robbins, one of the North Carolina representatives of the Peters Cartridge Co., has moved to Wilmington and will make this city his headquarters.

—Rev. E. C. Sell, pastor of the Methodist Church at Nashville, N. C., arrived in the city yesterday. Mr. Sell was formerly pastor of Market Street Methodist Church, this city, and he has here a host of friends who are always rejoiced to see him.

CONSERVATION LEADERS MEET.

Gifford Pinchot, Gov. Eberhart and Others Have Conference.

Chicago, July 14.—Gifford Pinchot, president of the national conservation Congress, and its executive committee, met here today to consider some features of a tentative programme of the meetings of the Congress. Immediately upon his arrival, Mr. Pinchot went into a secret conference with the members of the committee. Gov. Eberhart, of Minnesota, was also present.

It is understood that objections have been made to certain features of the proposed programme, which are thought to have too decided leanings toward the Pinchot side of the Pinchot-Ballinger controversy.

Neither Mr. Pinchot nor Gov. Eberhart would discuss the meeting before going into the conference.

TEX. RICKARD AGAIN.

Sports on the Pacific Coast Doubt the Accuracy of His Words.

Los Angeles, Cal., July 14.—Tex Rickard, who has arrived here, will go to Catalina Island about the time Jim Jeffries does, and while he denies that the object of his present visit is to arrange for another championship battle, sporting men here persist in believing that he has it in mind to bring Jeffries and Johnson together again about Thanksgiving Day.

"Nothing further from my thoughts," said Rickard, answering a question regarding the rumors of a return fight. But a few minutes later he rented an automobile and sped out to Jeffries' ranch.

$25,000 FOR HEADACHE.

San Francisco Attorney Brings Suit Against Southern Pacific.

San Francisco, July 14.—Twenty-five thousand dollars is the cash equivalent of a nine months headache according to Charles E. Naylor, a local attorney, who has brought suit against the Southern Pacific Railway for that amount. Naylor says that something heavy—he does not know exactly what—fell on his head a year ago while riding in a freight caboose and that for nine months he suffered severe pains in his cranium. He claims that he was incapacitated for business during that period and that he spent $5,000 seeking a cure.

FRECKLES

July Worst Month for This Trouble. How to Remove easily.

There's a reason why nearly everybody freckles in July, but happily there is also a cure for these ugly blemishes, and no one need stay freckled.

Simply get one ounce of othine, double strength, from J. Hicks Bunting Drug Co., and apply a little of it at night, and in the morning you will see that even the worst freckles have begun to disappear, while the light ones have vanished entirely. Now is the time to rid yourself of freckles, for if not removed now they will stay all summer, and spoil an otherwise beautiful complexion. Money back if othine fails.

STATE CHAIRMAN A. H. ELLER

Hour Has Struck for Transition in American Politics—Address Yesterday in Calling State Convention to Order.

Charlotte, N. C., July 14.—Calling the State convention to order this noon, State Chairman Eller spoke as follows:

Gentlemen of the Convention:—Who said that the Democratic party of North Carolina is about to suffer defeat? "Morehead." Yes, I believe he did; but that was before he franked out that Morehead Machine Cotton Mill Prosperity Letter. He knows better now! We had a right comfortable majority in 1908. The only deserter thus far caught in the act is the Honorable "Sun Set" McNinch, of the 9th. Some of his Republican allies declare that he is still hovering about the twilight zone. What a pity that just in the nick of time the mills have quit spinning yarns for the firm of Morehead & McNinch. But while the mills work under-time we may expect the "franking bureau" to work over-time.

North Carolina in danger of returning to Republicanism? After we have twice driven the despoiler from the Capitol and reconstructed our State? Not this year of our Lord 1910, when the Winter of their discontent lowers low; when the impending Fall of high blown privilege is foreseen by all men except those who have eyes to see and see not. The mighty energy and numbers of our party called into action a decade ago are in reserve today, awaiting another assault from the enemy, whose hospitals have been more crowded than their recruiting stations since the last great battle. After a display of our real power in 1900, when we gave Aycock 186,000 votes, there has been no great necessity for its repetition. In 1902 we went to the polls 135,000 strong; in 1904 we gave Glenn 126,000; in 1906 our State ticket received 123,000; in 1908 noting signs of activity in the ranks of our enemy, we met them at the polls with more than 145,000 ballots for Ktichin.

We wait with eagerness and with towering faith the trial of strength again. Our standard bearers are ready to leap into the arena without shackles and without shame. No cabinet disgrace, no Pittsburg, no Albany, no tariff scandals, misnamed "tariff schedules," to be explained or to be defended. "No campaign treasury filled with rotten money, issuing a flood of sordid literature and a dull, muddy stream of parasitic eloquence," to be repudiated and spurned. But with hands and hearts clean and strong as David's, they can go forth to battle under a banner aflame with a motto of truth and candor: "Neither the enemies of wealth nor the servants of greed."

The hour has struck for a transition in American politics. It rang out upon the ears of a party drunk with power like a fire bell in the night; first in the Missouri Valley, then on the plains of Boston, and again about the rock-ribbed redoubts of Republican Rochester. The endless chain of campaign contributions for privilege and protection, and privilege and protection for campaign contributions is about ready to snap. Three of its faulty links, forged in the 5th, 8th and 10th districts of North Carolina, will drop out or be knocked out on the next go-around.

Not many campaigns ago we heard the too oft repeated question, "What is a Democrat?" On July 4th in Tammany Hall Champ Clark answered this question: "A Democrat is a man who believes in the principles of the Democratic party and votes the Democratic ticket." No man can object to this test who wants to get in out of the cold before the storm due about November 8th, 1910. There has been no mourner's bench set up. There is a glad hand and an open door, and many a wanderer there be who will return to the Democratic fold. The question, however, to be answered during the present campaign is: "What is a Republican?" After the casualties in Massachusetts and New York, with 43 majority on his side of the chamber, Speaker Cannon declared that the House was no longer Republican. President Taft has called those Insurgents who refuse to follow him and Aldrich and Cannon, a set of "Lunk heads." What the Insurgents call the stand patters who do follow this trust-trio is not fit to print—and of course is not fit to mention in a Democratic convention.

The Platform.

Permit me now to say a word in regard to our platform. The day has arrived when the Democratic party of North Carolina, which has gathered into its ample folds such a vast preponderance of the industry, the wealth, the virtue, and the intelligence should give to this State a policy of its own—a policy on economic questions, of progressive, constructive statesmanship. The people are always ready for a forward step when the movement is in the right direction.

Twelve years ago our decimated ranks of Democracy, smarting under the blistering shame of Republican rule, forced the issue of white supremacy already made paramount by acute suffering. The people arose, exultant, as upon an eagle's wings above the morass, above the snows of the cold mind, to the warm ether of a new day. The last decade has witnessed progress in North Carolina, rapid beyond all precedent; for it has witnessed the overthrow of barriers which prevented progress. There is but one party worthy to lead forth into expression this grand new life of the Old North State. At every step the Republican party has been a reactionary, a hindrance, and a stumbling stone in the pathway of progress and reform. We have just begun to build a model State, the Empire State of the South. Noble foundations have been laid; but a Democratic Legislature is entitled to have the mandate of our party to push forward the superstructure. Constitutional amendments to admit of Legislative reforms and equitable methods of taxation may be required at an early day. Corporations must be regulated with firmness, but with absolute justice. An Appalachian park and conservation of our long suffering forests should grace the statute books of this State. The drainage of our rich lowlands under a wise and helpful policy will add wealth to our people faster than tariff robbery can take it from them. Good roads in the weak counties, as well as in the strong, must accompany if they cannot lead in this march of progress. Our State departments of education, agriculture and geology must be sustained, but we need one more—a department of engineering, with a division of forestry, a division of drainage, and a division of public highways. The lives and health of the people stand first amongst all the duties which an enlightened State owes to a loyal citizenship. Grander conceptions of human worth demand that preventable disease must be subdued as the common enemy of all. Such a programme entered upon and persisted in will challenge the admiration and arouse the enthusiasm of all men everywhere, and no man will dare charge that the Democratic party is organized and conducted for the spoils of office.

We believe in the reserved rights of the States. Why wait for the National government to exploit every source of taxation while we beg for the paltry crumbs that fall from the rich man's table? Great credit is due President Roosevelt for proposing a policy of conservation for the Nation and for the States as well. This policy, his successor has undertaken to carry out, as Senator Gore has truly said—"On a stretcher." His party in North Carolina, if entrusted with such a policy, would cheerfully carry it out as they did in '68,—in their pockets.

Had our leaders in the educational renaissance of North Carolina waited for National aid to education, J. Y. Joyner and W. W. Kitchin would not have been in Harvard's Stadium on the 4th of July, 1910, telling the Nation of our fresh bloom and scholarship and learning. The Blair bill is dead. The Appalachian Park bill, they tell us, still lives—so does Cannon. The good die young. But when, if ever, he does die, no man will deny to our American Czar the tribute paid the first great Caesar:

"The evil which men do lives after them,
The good is oft interred with their bones."

Since we are so often told that we are not a part of the Union and cannot become a part of the Union until we pass through the Republican portals of privilege and protection, I conceive it to be the part of wisdom, the part of patriotism, the part of statesmanship to magnify our State, develop her resources and ennoble her institutions. Can we do it? The discipline of disaster and defeat, through which our State and our party have gone, has cast Southern manhood into a heroic mould and prepared them for high endeavors. In spite of war, in spite of reconstruction, in spite of blackmail on the bond markets of the world, in an hour of Republican financial depression, the sons of Carolina have taken her securities to the amount of millions and begged for more.

I confidently expect out committee and this great convention of patriotic North Carolinians to give to our party a platform for the campaign of 1910, whose every plank will, without doubt and without danger, bear up a majority of 50,000.

Gentlemen, I have exceeded my rightful time. This hour belongs to another, one who comes fresh from the forum where great thought and great deeds have yielded to his touch before taking their place in the laws of our country. He has a message worthy of this great day, and from the furnace of his heart the warm and glowing current of his thought will go throbbing through the State.

I have the honor and the pleasure to yield to Senator Overman, temporary presiding officer of the convention and the speaker of this occasion.

AGNEW DIES IN VIRGINIA.

One of Leading Business Men at Alexandria—A Politician.

Alexandria, Va., July 14.—Park Agnew, one of the leading business men of this city, died today aged 63 years. He was interested in business ventures here and in Washington. In 1889 he was postmaster here and for eight years was collector of internal revenue for this district. For a number of years he was chairman of the Republican State Central Committee and was recognized as one of the leaders of the party in Virginia.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

ACTIVITY ON COTTON MARKET

Further Sharp Advance Occurred in Prices With Renewal of Urgent Buying—Opened Steady at Advance of 12 Points.

New York, July 14.—There was a renewal of urgent buying by July shorts at the re-opening of the cotton market today and a further sharp advance occurred in prices. July cotton sold up to 16 cents, or 27 points above the closing figures of the previous night, making an advance of nearly 60 points since the covering movement started yesterday afternoon. At this level shorts became less active and with a little more cotton for sale prices eased off slightly from the best, but the market at no time showed any sign of weakness and the closing tone was steady, net 1 point lower to 20 points higher.

The opening was steady at an advance of 12 points on July and of 1 to 8 points on later months, which were influenced by steady cables and the strength of old crop positions. Business was not general, but there was more demand for July than at any time yesterday and at the opening there seemed to be five or six buyers to every seller around the ring. In fact, the only sellers of July appeared to be one or two of the spot houses, and the bull leaders. August as well as July shorts seemed to be uneasy and there wer also indications that the leading bulls were replacing their sales of July by purchases of August at a discount of about a cent a pound. At any rate, August sold up to a net advance of about 18 points and the new crop advanced about 5 to 6 points from yesterday during the middle of the day. As soon as the excitement in July subsided local traders became moderate sellers of the new crop positions on the reaction theory and while aggressive offerings were checked by the reports of rains in the Mississippi Valley, the late positions eased off to about or a shade under the closing figures of last night during the late trading. July and August, however, held relatively firm and the market acted very nervous as though apprehending that there was still a considerable short interest to cover. Southern spot markets were unchanged to 3-8c higher.

Receipts at the ports today 6,076 bales against 6,583 last week and 3,768 last year; for the week 3,000 bales against 21,744 last week and 31,495 last year. Today's receipts at New Orleans 1,153 bales against 177 last year, and at Houston 175 bales against 1,473 last year.

Spot cotton closed quiet, 25 points higher; middling uplands 16.00; middling gulf 16.25; sales 10,112 bales.

Futures opened steady and closed steady.

LAMBS—Good demand $1.50 to $3.00.

PEAS—Out of Season.

IRISH POTATOES—New crop 40 to 50c per bushel, dull.

SPOTS IN SLACK DEMAND.

Advices From Liverpool Fair—Crop Reports Are Poor.

(Special Star Telegram.)

New York, July 14.—Advices from Liverpool were fair for contracts but spots were in slack demand. Our market opened with a renewal of active bidding for July, which rose to the high level of 16 during the forenoon and yielded with difficulty when the urgent demand ceased. General business was small, outside interests being fairly free from commitments in the more dangerous positions and waiting for their culmination before taking any pronounced stand. While the control of July-August is absolute at the moment faith in a permanent advance of late deliveries is not general. The Gulf States report rains, Texas accounts are better with other sections improved, though advices east of Mississippi are still poor. The danger of damage during August deters selling.

HUBBARD BROS & CO.

Those Pies of Boyhood.

How delicious were the pies of boyhood. No pies now ever taste so good, what's changed? The pies? No. It's you. You've lost the strong, healthy stomach, the vigorous liver, the active kidneys, the regular bowels of boyhood. Your digestion is poor and you blame the food. What's needed? A complete toning up by Electric Bitters of all organs of digestion—Stomach, Liver, Kidneys, Bowels—Try them. They'll restore your boyhood appetite and appreciation of food and fairly saturate your body with new health, strength and vigor. 50c at Robert R. Bellamy's.

Lumina Tonight.

Souvenir dance complimentary to N. C. Dental Society. **

DULLNESS ON STOCK MARKET

Extreme Caution Marked the Speculative Transactions Yesterday—Effect of Action of Commerce Commission.

New York, July 14.—Extreme caution was manifest in the conduct of speculative transactions in stocks today. It was this that accounted for the dullness of the market rather than an absolute neglect. Signs of obstacles which appeared in the course of a price movement in other directions discouraged the pursuit of operations for any long time.

A rise in prices got away from the level of any effective demand, and a sag resulted. When the uncovered bears bid for sticks, however, they complained of difficulty in securing them and called the market over-sold. The demand from this and more substantial sources was effective at prices recessions and buttressed the market against a fall, and opening the way to successive recoveries. The closing tone was strong.

The action of the Interstate Commerce Commission in favor of suspending important and general advances proposed by the railroads was discussed in a more strained attempt to interpret its significance towards the final decision on the reasonableness of the advances asked than for its face value.

This prospect was regarded favorably as promising to hasten the advantage of advances to be allowed. There is a feeling of confidence, also, that advances will be allowed ultimately. These assumptions contributed to the undertone of strength in the stock market.

The vote to authorize a strike by Pennsylvania railroad employes was reflected only in a neglected and almost motionless state of that market.

May earnings of 65 railroad companies as compiled show an increase in gross over May of last year of $24,596,000, or 15.39 per cent., an increase of operating expenses of $21,391,000, or 19.52 per cent., and an increase in net of $3,204,900, or 6.38 per cent.

The copper industrials showed some relief from the pressure to which they have been subjected recently and this took out of the general market a sympathetic influence toward depression.

Sterling exchange decline here to a new low level, in consequence with this condition in London, indicating the prospect of further imports of gold to New York.

The strength of the wheat markets in the Southwest directed renewed attention to the Spring wheat prospect, but hopeful estimates of the agricultural harvests as a whole were of greater influence.

Bonds were irregular. Total sales par value $1,382,000. United States bonds were unchanged on call. Total sales for the day were 493,800 shares.

THE GRAIN MARKET.

Chicago, July 14.—Sizzling heat in Canadian northwest and in southern Russia made a rather feverish market today in wheat. Rain in the Dakotas and Minnesota was deemed inadequate. Dispatches from Winnipeg said crops were burning up. Prices here were strong from start to finish and closed 2 1-4 to 2 5-8 net higher.

Corn wound up a shade to 1-4 to 3-8 above last night except for May which was a shade off. Last sales of oats showed 1-4 to 3-8 to 3-8 to 1-2 improvement. The outcome of provisions generally was a decline of 2 1-2 to 12 1-2, but July pork was squeezed up 27 1-2 higher than 24 hours previous.

Wheat—No. 2 red 1.04 3-4 to 1.05; No. 3 red 1.03 3-4 to 1.05; No. 2 hard 1.04 3-4 to 1.06; No. 3 hard 1.03 3-4 to 1.05; No. 1 northern 1.21 to 1.22; No. 2 northern 1.18 to 1.20; No. 3 spring 1.08 to 1.10; durum 84 to 93.

Corn—No. 2, 61 to 61 1-2; No. 2 white 64 1-2 to 66; No. 2 yellow 62 3-4 to 63; No. 3, 60 1-2 to 61 1-4; No. 3 white 63 to 64 1-2; No. 3 yellow 62; No. 4, 59 1-2 to 60 1-4; No. 4 white 59 1-2 to 61 1-2; No. 4 yellow 59 1-2 to 61.

Oats—No. 2 white 44 1-4 to 44 1-2; No. 3 white 42 1-2 to 44; No. 4 white 41 1-2 to 43; standard 43 1-2 to ...1-4.

THE FINANCIAL MARKET.

New York, July 14.—Money on call steady 2 to 3 per cent., ruling rate 2 5-8, closing bid 2 3-4, offered at 3. Time loans firm for long periods; 60 days 3 1-4 to 3 1-2 per cent., and 90 days 4 to 4 1-4; six months 5 to 5 1-4. Prime mercantile paper 5 1-2 to 6. Sterling exchange weaker with actual business in bankers bills at 4.8340 to 4.8345 for sixty day bills and at 4.8539 for demand. Commercial bills 4.82 1-2 to 4.83. Bar silver 54 1-4. Mexican dollars 44.

NAVAL STORES.

New York, July 14.—Rosin and turpentine steady.

Savannah, Ga., July 14.—Turpentine steady 64 3-4 to 65; sales 665; receipts 874; shipments 2,917; stock 83,117. Rosin firm; receipts 2,248; shipments 2,522; stock 58,100; sales 21,913. Quote: A, B, C, 5.25; D, 5.40; E, 5.50; F, 5.57 1-2; G, 5.60; H, 5.62 1-2; I, 5.65; K, 5.70; M, 5.75; N, 5.90; W G, 6.25; WW, 6.45.

Charleston, S. C., July 14.—Turpentine quiet 64 3-4 to 65. Rosin quiet. Quote: A, B, C, 5.25; D, 5.35; E, 5.45; F, 5.52 1-2; G, 5.55; H, 5.57 1-2; I, 5.60; K, 5.65; M, 5.70; N, 5.86; WG, 6.25; WW, 6.45.

THE DRY GOODS MARKET.

New York, July 14.—There was more firmness in the market on finished cotton goods during the day. Jobbers are doing an active trade on wash fabrics. Lines of fancy woolens for Spring are open. The trade on linings is quiet.

PEANUTS.

(Reported by Rodgers, McCabe & Co.)

Petersburg, Va., July 9.—Spanish—Firm at $1.40 per bushel; Virginia—Firm at 4 1-2 to 4 3-4c for Jumbo; 3 3-4 to 4c for fancy handpicks; 3 to 3 1-2c for machine picks; 2 to 2 3-4c for shelling stock.

Foley's Kidney Pills

What They Will Do for You

They will cure your backache, strengthen your kidneys, correct urinary irregularities, build up the worn out tissues, and eliminate the excess uric acid that causes rheumatism. Prevent Bright's Disease and Diabetes, and restore health and strength. Refuse substitutes.

ROBERT R. BELLAMY.

ALL SPEED RECORDS.

Torpedo Boat Destroyer Roe for Final Endurance Tests.

Newport News, Va., July 14.—Having broken all speed records for United States torpedo boat destroyers, the destroyer Roe, the latest product of the plant of the Newport News Shipbuilding & Dry Dock Company, returned to this port tonight to load fuel oil preparatory to having her final endurance tests tomorrow and Saturday.

On her standardization trials off the coast of Delaware Wednesday, the Roe raced across the measured mile course at a rate of 32.5 knots an hour. The vessel went over the course 14 times and the average of the five high runs was 31.43 knots, nearly two full knots more than the required 29 1-2.

Today the Roe ran a 12 hours endurance test at 16 knots speed, the engines working smoothly throughout.

The Roe is the first of the oil burning torpedo boat destroyers to be completed for the United States Navy. She is propelled by three propellers, driven by Persons turbine engines.

FIRE IN OREGON.

Two Lives Lost and Big Property Damage Resulted.

Portland, Ore., July 14.—An early fire in the west central portion of the city just on the edge of the business section resulted in the loss of at least two lives, the injury of several persons, the burning of 50 horses, and a financial damage of about $300,000. The fire is believed to have started in the sales room of the Oregon Brush Company. The burned district covered approximately ten acres, but a large portion of this area was devoted to the athletic field of the Multinomah amateur athletic club, and save for a grand stand capable of seating 5,000 people, was practically unimproved.

So far as known the dead are F. R. Price, foreman of the United Carriage Company's stable, and a man whose name is supposed to be Prude. It is reported that several other men, employes of the stable, are missing.

POSTAL RECEIPTS TREBLED.

Tennesseeans Buy Kentucky Liquors. Using Money Orders.

Nashville, Tenn., July 14.—One effect of State-wide prohibition in Tennessee is a three-fold increase in money orders paid at the Hopkinsville, Ky., postoffice during the past year, during which time the amount has jumped from $30,750.70 to $90,490.95.

Nearly 21,000 money orders were paid during the year. This increase was on account of the wholesole liquor business with Tennessee.

A FATAL REVOLVER BATTLE.

Ensued When Bandits Attempted to Rob Construction Force.

Cleveland, O., July 14.—One man dying, two wounded and a possibility of other casualties is the result of a revolver battle tonight between three bandits and 40 members of a construction gang on the Lake Shore railroad at North Olmstead, 20 miles southwest of here.

It was pay day at the construction camp, a fact of which the bandits were apparently aware. Near midnight, when the railroad men had retired to their bunks, the robbers made their appearance. They ordered the sleeping men from their beds but four of their intended victims had recided sleep in the open air on account of the heat.

The men from the bunks, aroused to face levelled revolvers were handing over their pay envelopes to the robbers when their companions on the outside opened fire. In a moment the shooting had become general.

For several minutes the battle continued and three of the railroad men fell with one shot fatally. Then the robbers frightened at the unexpected resistance took to flight. Owing to the remoteness of the scene it was impossible tonight to learn whether there had been any further casualties.

A telephone message to Cleveland apprised the authorities of the affair and Sheriff Hirstus with a posse of deputies started for the scene in automobiles. Posses have also been organized at all principal points throughout the county and a general pursuit has been started for the bandits.

RUBBER SCHEMES RELATED.

Consul General at Singapore Reports Instance of Promotion.

Washington, July 14.—In reporting to this government on opportunities in Malaysia for rubber growing enterprises, Consul General James T. Dubois at Singapore, cited as follows an instance to show how the investing public is sometimes taken in in the exploitation of the rubber industry there:

"An estate was sold to promoters for $150,000. The syndicate got an old planter who knew the estate to put a flotation value on it. He named $250,000. The promoters were not satisfied. Another expert examined and reported. His price was $350,000. British and American gold was pouring into the country and a get-rich-quick spirit was born. Another expert was called in. He was told of the former valuations and that they were unsatisfactory. He valued the estate at $500,000.

"Just at this time rubber took a big jump in the London and New York markets and another expert was asked to report and he placed the flotation price at $750,000. The syndicate made it an even $800,000 and floated it at this price. People fought for the stock, the share issue was oversubscribed and many of them immediately sold at a good advance.

"All this was done within a few months without the slightest improvement on the property."

U. S. PAID $117,500 FOR HER.

Now Yacht Hornet is Sold at Norfolk for $5,100.

Washington, July 13.—The naval yacht Hornet, a steel vessel of 425 tons, built for Henry M. Flagler, and purchased by the government for $117,500 at the outset of the Spanish war, will be sold to Nathan S. Stern, of New Orleans, for $5,100. Mr. Stern was the highest of five bidders. The Hornet, which was recently appraised at $7,000, has been kept at the Norfolk Navy Yard since its condemnation for naval purposes. It was formerly used by the North Carolina Naval Reserves, stationed at Wilmington, N. C.

SHEEP BONE INTO MAN'S ARM.

Novel Operation Successfully Performed at New Orleans.

New Orleans, July 14.—The bone of a sheep was transferred to the arm of a patient at the Charles Hospital here last night.

The forearm of the patient undergoing the operation had been shattered by the discharge of a shotgun. The operation was pronounced thoroughly successful.

New Orleans, July 14.—"Jack Horner, widely known in baseball circles, died here today at a local hotel as a result of an accident in the baths of the hotel early this morning. Entering the baths with friends shortly before 4 A. M., Horner slipped on a marble step and fell to the floor, fracturing his skull. He never regained consciousness. He was traveling in the interest of the Detroit baseball club for which he served as a scout.

SECOND DAY OF DENTAL SOCIETY

(Continued From Page One.)

nation with cast work, Dr. S. C. Ford, Franklinton; Detached pin and plate crown used as an abutment in bridge work for broken down incisors, Dr. F. G. Chamblee, Spring Hope; Painless dentistry by the freezing process, using ethyl chloride, Dr. W. W. Chisholm, Anderson, S. C.; Restoration of tooth structure with porcelain, Dr. Brooke Rutledge, Florence, S. C.; Surgical treatment of Riggs' disease, Dr. Robin Adair, Atlanta, Ga.; Making and setting small bridge, using cast abutments, Dr. R. G. Sherrill, Raleigh; Orthodontia: positive, rapid and automatic, Dr. Richard L. Simpson, Richmond, Va.

The session this afternoon will also be devoted exclusively to clinics and there will be a large number.

Last Night's Session.

The session last night was called to order shortly before 9 o'clock by President Watkins, who presided. A number of additional dentists arrived during the afternoon and early evening with the result that the session last night was the largest attended of any yet held. The papers were of unusual interest and provoked prolonged and profitable discussion. Many dentists declared that if they got no more out of the convention than they received last night they felt doubly repaid for all the expense to which they had been put in attending the meeting. When the society had been called to order Dr. D. L. James, of Greenville, chairman of the executive committee, asked if there were any additional applications for membership in the society. There were two additional names presented, making a total of 18 since the society convened Wednesday evening. Nine of these have been voted upon and admitted to membership and the others will be taken up later.

President Watkins said the society was glad to have present such a large number of prominent visiting dentists and among those recognized was Dr. T. O. Heathwole, of Baltimore, Md., professor of materia medica, University of Maryland, Dental Department, who was down on the programme for a paper yesterday morning but did not arrive in time. Dr. Heathwole stated that he came to this meeting at a great sacrifice, but was glad to be present and felt that the mingling with the dentists of the North State and from adjoining States would be beneficial to him. Dr. Heathwole's paper will probably be read today.

The first paper read last night was one by Dr. J. S. Spurgeon, of Hillsboro, on "Retrospective and Prospective," containing many things of special interest to the dental profession. Prof. Henry W. Morgan, member of the faculty of Vanderbilt University, Nashville, Tenn., opened the discussion, and he agreed with Dr. Spurgeon that preservation of the teeth is not due to the kind of material used, but rather to the preparation that is made for the work. This was followed by a paper by Dr. S. C. Ford, of Franklinton, on "Construction and Repair of Crown and Bridge Work, Using Detachable Facing," and the subject was very ably presented. The paper was discussed by Dr. W. C. Lambright, of Atlanta, Ga.

Dr. Charles W. Regan, of Laurinburg, whom one of the members referred to as being one of the leading dentists of the country, read a paper on "Gold Inlays and Cast Work," discussion opened by Dr. J. N. Johnson, of Goldsboro, followed by a paper on "Cast Gold Fillings as Abutments in Bridge Work," by Dr. J. S. Betts, of Greensboro, discussion opened by Dr. L. L. Dameron, of Newbern. The two papers were then generally discussed by Dr. J. H. Wheeler, of Greensboro; Dr. Simpson, of Richmond, Va., Dental College; Dr. A. H. Fleming, Louisburg; Dr. H. N. Walters, Warrenton.

The last paper of the evening was read by Dr. Robin Adair, a prominent dentist of Atlanta, Ga., whose subject was "Prophylaxis and Nurses." He paid a tribute to the dentists of North Carolina before entering a discussion of his subject. Dr. Adair was convinced of the importance and necessity of the dental nurse. He has been employing such nurses for some time and had been told that some North Carolina dentists expected to take this advanced step. Dr. Adair considered that "Prophylaxis," a method of treatment and cleansing of the teeth, was one of the most important things before the dental profession and will sooner or later be generally adopted. He had seen a letter from the State Board of Health in which that body had expressed its willingness to cooperate with the society in the oral hygiene movement, which he considered of great importance. The paper of Dr. Adair was spoken of by many as one of the best yet read before the society. The discussion was opened by Dr. J. H. Wheeler, of Greensboro, who heartily agreed with Dr. Adair in his reference about "Prophylaxis." The paper was also discussed by Dr. Judd, following which President Watkins, at 10:30 o'clock, declared the meeting adjourned until 9 o'clock this morning.

Those in Attendance.

Among those in attendance are: Drs. R. P. Anderson, Mocksville; T. E. Ashburn, Randleman; R. T. Allen, Lumberton; A. M. Berryhill, Charlotte; O. J. Bender, Pollocksville; J. S. Betts, Greensboro; J. H. Brooks, Burlington; D. S. Caldwell, Charlotte; F. G. Chamblee, Spring Hope; R. S. Cole, Rockingham; A. S. Cromartie, Fayetteville; J. D. Croom, Jr., Maxton; W. S. Cripliver, Lexington; R. S. Cutchin, Whitakers; L. L. Dameron, Newbern; J. H. Dreher, Wilmington; J. R. Edmondson, Wilson; D. E. Everitt, Raleigh; J. W. Faucett, Asheville; A. H. Fleming, Louisburg; S. C. Ford, Franklinton; A. E. Frazier, High Point; L. R. Ghoram, Rocky Mount; R. T. Gallagher, Washington; G. F. Herring, Mount Olive; N. T. Holland, Smithfield; P. E. Horton, Winston-Salem; F. L. Hunt, Asheville; S. P. Hilliard, Rocky Mount; C. Highsmith, Enfield; C. B. Hall, Goldsboro; J. H. Ihrie, Sanford; D. L. James, Greenville; I. W. Jamieson, Charlotte; J. N. Johnson, Goldsboro; J. C. Johnson, Durham, S. M. Long, St. Mary's, Ga.; Wm. Lynch, Chapel Hill; I. M. Mann, Asheville; E. I. Mason, Mullins, S. C.; R. M. Morrow, Burlington; J. E. Matthews Wilmington; S. E. Malone, Goldsboro; D. E. Today's Session.

This morning's session will convene at 9 o'clock and there are a large number of papers on the programme. This afternoon will be devoted to clinics under the supervision of Dr. J. W. Stanley, of this city, and tonight the visitors will be entertained at an attractive souvenir dance at Lumina. The closing session will be held tomorrow morning at which most of the business will be transacted.

POSTAL BANK DEPOSITORIES.

Applications Pouring Into Postoffice Department—Classified.

Washington, July 14.—Applications are pouring in from banks throughout the country whose officials are anxious that their institutions be made depositories under the postal savings bank law. They come to the Secretary of the Treasury, the Attorney General and to the Postoffice Department. Formal replies are sent to the effect that no information yet is available as to where such depositary banks shall be located.

All inquiries are being handed over to the Postoffice Department, where a commission of officials has been appointed to draw up regulations for the operations of the banks. Today nearly 150 letters, which had come to the treasury from banks asking to be made depositories, were thus disposed of. They were classified by States and among them were: Alabama 2; Arkansas 1; Florida 1; Georgia 1; Kentucky 7; Louisiana 2; Mississippi 2; North Carolina 1; Oklahoma 6; Tennessee 3; Texas 2 and Virginia 1.

PAN-AMERICAN CONGRESS.

Paid Homage to Departed Members at Buenos Ayres Yesterday.

Buenos Ayres, July 14.—The Pan-American Congress today rendered homage to the memory of the members of preceding congresses who have died since the last meeting. Henry White, former American ambassador to France, pronounced a warm eulogy on the late Joaquim Nabuco, the Brazilian ambassador to the United States, whose death occurred on January 17th last. A cablegram was sent to President Fallieres felicitating France on the occasion of its National celebration. It was also decided to send a message of condolence to Costa Rica, in the loss and suffering caused by the recent earthquake in that republic and a proposition was approved, which was introduced by the Mexican delegation to invite the American nations to unite in aiding that country.

RAILWAY NEEDS IN ALASKA.

Banker Schiff Thinks the Territory Will Become Populous.

Dawson, Y. T., July 14.—Jacob H. Schiff and his party of friends, who are inspecting Alaska have left for Skagway, where they will embark on the private yacht Ramona for Cordova and Valdez.

Mr. Schiff declared that this country should become as populous as the productive parts of Norway, Siberia, and Russia in the same latitude, which are now sustaining millions of people.

He said the greatest need of the far North is transportation, and expressed the belief that a railway from Edmonton, Alberta, to the headwaters of the Yukon would furnish the quickest method of transportation necessary to a rapid development of the country.

GRAFTER SENT TO PRISON.

Former Pittsburg Councilman Also Sentenced to Fines of $200.

Pittsburg, July 14.—A. V. Simon, one of the former councilmen rounded up in the vigorous prosecution of grafters last Spring, was sentenced by Judge James R. MacFarlane in criminal court today to serve eight months in jail and to pay fines of $200 and costs.

Simon received $325 for his vote on the bank depository ordinance, and was one of those to whom was paid the bargain rate of $81.10 for his vote on a street ordinance.

USES SKIRTS TO HANG SELF.

Alabama Woman Appeals to Have Tried Drowning at First.

Montgomery, Ala., July 14.—Mrs. Julia Hicks, aged 60, hanged herself at her home in the country, 12 miles from Dadeville, Ala., on Tuesday. She used her skirt for a rope, knotting it tightly about her neck. Her clothing was wet when found, and it is presumed that she first tried to drown herself.

Mrs. Hicks had shown no signs of mental unbalance and her daughter, with whom she lived, had noticed nothing unusual in her manner lately.

The New Bonds

If you have North Carolina Four Per Cent Bonds, due July 1st, 1910, send them to us for payment or exchange for the new issue. We purchased $150,000.00 of the new Bonds, which are free of all taxes, and being a State depository are prepared to take up the maturing Bonds.

THE SOUTHERN NATIONAL BANK

GRUESOME LONDON FIND

Music Hall Wife of Doctor Found Fearfully Mutilated.

London, July 14.—All the intricate machinery of Scotland yard has been set in motion to effect the capture of Dr. Hawley H. Crippen, the battered body of whose wife, a noted music hall singer, known under the stage name of Belle Elmore, was found buried deep in the clay in the cellar of their home at Hildrop Crescent, north London.

Crippen has been missing since last Saturday, when apparently he could no longer offer explanation for the death of his wife, which was alleged to have occurred months ago in California. Then it was that the police, in making a thorough examination of the empty house came upon the body, mutilated and burned beyond recognition by quick lime which had been thrown upon it. The thick clay, by which it was partly surrounded, to some extent retarded the action of the quick lime and so frustrated the murderer's intention of destroying the body utterly. It is reported that the body had been partly dissected before burial and that nearly all the bones are missing.

Requests have been sent out broadcast that all incoming steamers be watched. The belief is strong that Crippen sailed on Saturday for New York, but there have also been rumors that he was seen in London not longer ago than this morning. Nothing, however, developed during the course of the day, although the police continued their digging operations at the house. Nothing was found that would throw further light on the mystery, which has become the chief sensation in the London newspapers.

Dr. Crippen, who is a dentist and 50 years of age, has made his home for some time at 39 Hfildrop Crescent, North London. Some time ago his wife, Belle Elmore, a vaudeville actress and treasurer of the Music Hall Artists' Guild, disappeared, and subsequently a notice to her death appeared in the local papers. The fact of her demise was generally credited, but there was more or less gossip among the women's intimates, and this finally reached the ears of the police. The latter visited Dr. Crippen and the interview appeared to be satisfactory.

Saturday noon Dr. Crippen disappeared and since then the police have not been able to locate him. Yesterday a search of the Crippen house was made and the battered body of a woman was found buried in the cellar. It had been placed in quick lime and was burned beyond recognition but the finding of the body together with other discoveries today, left no doubt in the minds of the authorities that the murdered woman was Mrs. Crippen.

Sir Melville McLaughlin, chief of the criminal investigation department of Scotland Yard took the matter in hand and developments followed quickly.

The indications point to a coolly planned murder. Early in February last a letter signed "Belle Elmore" was received by the Vaudeville Artists' Guild, stating that the writer had gone to America on business. It was this letter which the police say was intended to cover up a crime that, as it turned out, furnished an evidence of criminality. Belle Ellmore spelled her name with one 'l'.

This discrepancy was recognized and aroused suspicion among members of the guild and largely influenced them in determining to bring the matter of the woman's strange disappearance to the authorities.

Then the advertisement appeared announcing that Belle Ellmore had died at Los Angeles, Cal. An investigation was put on foot and the advertisement was found to have been untrue. It was learned today that when the officers visited Crippen they forced him to admit that his wife had not died in California. He then said, according to the detectives, that he and his wife had quarreled and that following the quarrel she disappeared. The police refused to accept this explanation because of the fact that the women was found to have left her jewelry and money behind. Pursuing their inquiry the authorities discovered that Dr. Crippen was born at Colwater, Mich. He practiced in Detroit, Mich. San Diego, Cal., Salt Lake City, St. Louis and Brooklyn as an eye and ear specialist.

He married Belle Elmore as she was known on the stage at New York. The woman's maiden name was Mackamotski. The two came to London four years ago.

New York, July 14.—Belle Elmore was a Brooklyn girl. The first news of her death was received here by Mrs. R. H. Mills, a step-sister in a letter dated April 7, No. 39 Hildrop Crescent, North London, England, and signer by Dr. Crippen.

The police regard the date as important because, although it carried the first word from Dr. Crippen to his wife's family of her death, it is nearly two months later than the death notice published in London.

Belle Elmore was born at Kunigunde Makomarkski of noble Polish descent. When she was two years old her widowed mother married M. F. Marsinger and the little girl, growing up with American born step brothers and step sister, became known as Cora Marsinger. Her step father, Mrs. Mills, the step sister to whom the Louise and Robert," letter was addressed, and other relatives were found today in Brooklyn and Queens. Her mother is dead.

CONTROLS ZION CITY

Now in Possession of Wilbur Voliva. Court's Order.

Chicago, July 14.—Wilbur Glenn Voliva, overseer of Zion City, Ill., protege and late supplanter of the late John Alexander Dowie, today was placed in a position eventually to get absolute control of Zion City and its industries by a Federal court order. Judge K. M. Landis, accepted the bid of a Chicago real estate firm for the assets of the Dowie estate. Guy D. Thomas, receiver of the estate, was ordered to dispose of it to the realty firm for $70,000. Under a previous contract, the realty firm will transfer the estate to Voliva for $900,000. Of this sum, Voliva paid $50,000 at the time the contract was drawn up. He will be allowed eight years to pay the $850,000. This action brings to an end a fight that has been waged for control of Zion City for several years. In bitter opposition to Voliva was the Zion City Investors Association, composed chiefly of Zionites who wanted the Dowie estate held in trust for a long period of years.

CONVICT LEAPS TO DEATH

But Trephining May Prevent Fatal Outcome of Suicidal Attempt.

Columbia, July 14.—Henry Marse, colored, serving a life sentence for murder in Abbeville last year, jumped over the third tier railing in the penitentiary barracks early today, with suicidal intent, and fractured his skull, but trephinging may prevent a fatal outcome.

STAR BUSINESS LOCALS
